Starting for the first time

When you start your Notebook PC for the first time, a series of screens appear to guide you in configuring your Windows® 10 operating system.

To start your Notebook PC for the first time:

- 1.

Press the power button on your Notebook PC. Wait for a few

minutes until the setup screen appears.

2.

From the setup screen, pick your region and a language to use on your Notebook PC.

Carefully read the License Terms. Select I accept.

3.

4.

Follow the onscreen instructions to configure the following basic

items:

- Personalize

- Get online

- Settings

- Your account

5.

After configuring the basic items, Windows® 10 proceeds to install

your apps and preferred settings. Ensure that your Notebook PC is kept powered on during the setup process.

6.

Once the setup process is complete, the Desktop appears.

NOTE: The screenshots in this chapter are for reference only.
