IMPORTANT SAFETY INSTRUCTIONS

WARNING:

To reduce the risk of fire, electric shock, or injury to persons when using the follow basic precautions, including the following:

/
Read all instructions before using the

/
Use the
SWASH
System only for its intended use.

/
To reduce the risk of electric shock, do not immerse any part
of the
System in water or other liquids.

SWASH
®

/
Never yank cord to disconnect from outlet; instead, grasp
plug and pull to disconnect.

/
Do not allow cord to touch hot surfaces. Let the
System cool completely before putting away. Loop cord
loosely around the
SWASH

/
Always disconnect the
SWASH
when not in use, or when cleaning the

/
Do not operate the
SWASH
cord, or if it has been dropped or damaged. To reduce
the risk of electric shock, do not disassemble or attempt
to repair the

System. Contact a qualified service
SWASH
person for examination and repair. Incorrect reassembly
or repair could cause a risk of fire, electric shock, or
injury to persons when the

/
Close supervision is necessary for any appliance being
used near children.

/
Use care when interrupting a cycle; interior surfaces may
be hot if the
System is opened when in use.

System.

SWASH

®

System with a damaged

®

System is used.

SWASH

®

System,

SWASH

®

/

To reduce the likelihood of circuit overload, do not operate other high-wattage hardware (i.e. refrigeration, air conditioner, etc) on the same circuit.

/

The

System is intended for household use only.

SWASH

®

Do not use outdoors.

/

Do not use in garages or near any flammable liquids.

/

Do not use an extension cord.

/

The use of accessories other than those supplied with the System is not recommended and may cause injury.

SWASH

®

/

Use and store the

SWASH

®

paths to reduce the possibility of tip-over.

/

Keep the area clear around the base of the to make sure ventilation openings in the bottom of the System are not blocked.

SWASH

®

/

Do not modify

SWASH PODS

formulas. The

System was designed to work safely

SWASH

®

using only the unique

SWASH PODS

could reduce user safety. Burns could occur from touching hot metal parts.
