[Page 2: Key Features](#)

Key Features CLIQUE H10 PETITE YET SENSATIONAL: 5.8 mm drivers, aptX technology, and Bluetooth • 4.1 for powerful dynamics and stunning audio clarity DESIGNED TO FIT: Unique lock-in earfin ensures earbuds stay securely and • comfortably in place during exercise LONG LISTENING TIME: 5+ hours of continuous listening and 260 hours of • standby time SWEAT AND DUST RESISTANT: Designed with an intelligent nano-coating • to keep earbuds clean and free of debris SMART CONTROL: NFC and one-touch button provides quick access to • frequently used audio and phone controls VERSATILE STYLE: Conveniently wraps around your wrist when not in use • with the stylish looks of a fashion accessory Overview LED Indicator Volume up, Track forward, Reject Call Power, Play/Pause, Answer/End call Volume down, Track back,...

[Page 3: Pair And Connect](#)

Pair and connect Press Power. Enable Bluetooth. Stream music. Left & right orientation When you are wearing H10, the controller should be on your right side. Right side/ left side symbol...

[Page 4](#) Secure fit with earfins Install the earfins for the left and right ears, denoted by the symbols L and R. Rotate to get the tip of the earfin into the top of your ear's bowl. Setting up Bluetooth Pairing: Turn on your Bluetooth device. Turn on your headphone. The headphone automatically scans for connected devices. It powers off two (2) minutes after no connected Bluetooth devices. Pair and connect the other device with your headphone. Enter passcode 0000 if prompted. You'll hear a tone when the device and headphone are connected. NFC Pairing: Turn on NFC on your mobile phone. Turn on your headphone. Slowly slide the NFC zone of the headphone (left ear bud) directly against the NFC device until a connection is confirmed.

To disconnect, repeat the process. Advanced Multipoint - Connected to two devices simultaneously. Pair to your first device (i.e. phone) following the Bluetooth Pairing instructions. Turn off Bluetooth on your first device (i.e. phone).

[Page 5](#) Turn off the headphone. Long press the Power button of H10 until the LED indicator starts flashing alternating red and green. Now pair to your second device (i.e. phone) following the Bluetooth Pairing instructions. Turn Bluetooth back on on your first device (i.e. phone). You will hear a tone when the first device connects. Device 1 and 2 are now simultaneously connected to your headphone. To switch and play audio from the alternate connected device, pause the current music device and then press play on the alternate device. Reconnecting • Upon power up, the headphone will automatically attempt to reconnect to the last connected device. Note: If automatic reconnection was not successful, go to your Bluetooth menu and manually connect to the headphone. Controlling & Indicators Functions Talk Button Action Power on/off Press Volume Up/Down/Next/Previous Track Press + /-. Play/Pause/Answer/End call Press Dismiss Call (During an incoming call) Press + /- simultaneously. Mute/Unmute Call (During call) Press + /- simultaneously.

[Page 6](#) 開機及關機時 LED 指示燈閃爍紅綠光。請按 H10 的電源按鈕，直至 LED 指示燈開始交替閃爍紅綠光。現在請將藍牙配對功能重新開啟。當第一個裝置（即手機）配對成功時，您會聽到一聲提示音。此時，您的耳機將同時連接到兩個裝置。若要從另一裝置播放音訊，請暫停當前音樂裝置，然後按另一裝置的播放鍵。重新連接 • 開機時，耳機將自動嘗試重新連接到最後連接的裝置。注意：如果自動重新連接不成功，請前往您的藍牙菜單，並手動連接耳機。控制及指示器功能 談話按鈕動作 開機/關機 按音量上/下/下一首/上一首 按 + /-。播放/暫停/接聽/結束通話 按結束通話 (接聽來電時) 按 + /- 同時按。靜音/取消靜音 (通話期間) 按 + /- 同時按。

[Page 24: Federal Communications Commission Interference Statement](#)

Federal Communications Commission Interference Statement This equipment has been tested and found to comply with the limits for a class B digital device, pursuant to Part 15 of the Federal Communications Commission (FCC) rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: • Reorient or relocate the receiving antenna. • Increase the separation between the equipment and receiver. • Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. • Consult the dealer or an experienced radio/TV technician for help. CAUTION: Any changes or modifications not expressly approved by the grantee of this device could void the user's authority to operate the equipment. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

[Page 25: Global Environmental Regulation Compliance And Declaration](#)

Global Environmental Regulation Compliance and Declaration ASUS follows the green design concept to design and manufacture our products, and makes sure that each stage of the product life cycle of ASUS product is in line with global environmental regulations. In addition, ASUS disclose the relevant information based on regulation requirements.
