#### 4. Using the IP Fax Function

### □ Checking communication status / Checking reserved transmissions

You can check reserved IP Fax transmissions.

Press [Job Status].

## 1 □ Checking communication status / Checking reserved transm

2 You can check reserved IP Fax transmissions.

Press [Fax].

### 1 Press [Job Status].

□ Reserved transmission jobs are listed up to 100 transmissions in the chronological order from top to bottom.

□ To print the list of the reserved transmissions jobs, press [Reservation List].

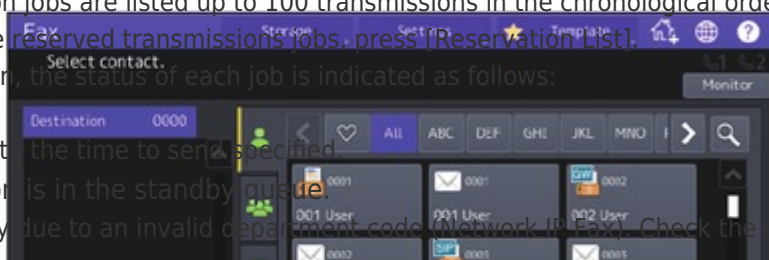

□ In the "Status" column, the status of each job is indicated as follows:

- IP: Sending IP Fax.

- Delayed: Reserved with the time to send specified.

- Wait: Communication is in the standby queue.

- Invalid: Under standby due to an invalid department code (Network IP Fax). Check the department code.

Delete any unnecessary reserved transmissions in the standby queue. For details about each operation, refer to the Fax Guide.

46 Using the IP Fax Function from the Touch Panel
