USING THE SLEEP TIMER

This timer automatically switches off the power after a preset time has elapsed. There are 7 time periods available: 90, 60, 50, 40, 30, 20 and 10 minutes.

1. Press the SLEEP switch.
3. Press the SET switch or allow 5 seconds to elapse.

The original display returns and the SLEEP timer starts, "SLEEP" remains lit.

When using the SLEEP timer with a CD, the volume will gradually be reduced (fade-out) during the 30-second period before the unit turns off.

2. Press the SLEEP switch within 5 seconds to select the desired sleep time.

To check the remaining sleep time: 90 → 60 → 50 → 40 → 30 → 20 → 10 → (released)

Press the SLEEP switch. The remaining time is displayed. After several seconds, the original display returns.

If the CLEAR switch is pressed, the original display returns and the SLEEP timer setting mode is released.

3. Press the SET switch or allow 5 seconds to elapse. The original display returns and the SLEEP timer starts. "SLEEP" remains lit.

When using the SLEEP timer with a CD, the volume will gradually be reduced (fade-out) during the 30-second period before the unit turns off.

During ON/OFF timer operation, the WAKE UP timer will not operate, but the WAKE UP timer setting is retained.

The SLEEP timer has priority over the ON/OFF and WAKE UP timers. The power is switched off by the SLEEP timer. The ON/OFF timer setting is released, but the WAKE UP timer setting is retained.

MAINTENANCE

Cleaning the decks 1 and 2 heads.

To ensure playback and recording with good-quality sound, use cotton swab to clean the heads, pinch rollers and capstans of the decks after about every 10 hours of use.

If the dirt persists, soak the swab in a little methylated spirit or head cleaning fluid and then clean.

Use a soft cloth to remove dirt on the main unit.

Use a soft cloth to remove dirt on the main unit.

Do not use benzene, thinners or alcohol since they will mar the finish of the surfaces.

If the dirt persists, dip a soft cloth into a diluted solution of neutral detergent, wring it out, wipe away the dirt, and then take up any moisture with a dry cloth.

Do not use benzene, thinners or alcohol since they will mar
