Quick Connect: Easy Plug-and-Play

connectivity; connects your desktop devices to your computer with one USB cable.

Universal

Compatible with any brand of Windows-based computers, including laptops and desktops, running XP or Vista™ operating systems.

Multimedia

Adds 5.1 channel surround sound via S/PDIF port and provides high-resolution video output through the VGA or DVI port on the dynadock.

Expandability

Provides six additional USB 2.0 ports, with the two front "always on" ports providing power even when the PC is off. View up to 3 displays1 simultaneously.

Space-saving

Upright slim design takes up minimal desktop space and reduces cable clutter. It also eliminates the wear-and-tear on both the PC ports and the cable plugs themselves.

Dynadock™ Universal USB Docking

Station with Video Port (VGA)

Connect to all your computer devices with one USB cable quickly and easily!

The Toshiba dynadock USB Docking Station with Video Port is an advanced docking solution with a high-performance video controller.

Virtually any brand of Windows-based computers with a USB 2.0 port is compatible with this versatile port replicator. Its upright slim docking station design provides fast access to your desktop environment. Get one for your home and office for simple expandability and connectivity!
