Off-hook Call Announce (OCA)

This feature enables you to call and speak through either the handset or the speaker of an off-hook, busy digital telephone. The called station must be set in system programming for this feature to work.

The calling station can be set in system programming for OCA to occur automatically when calling a busy-off-hook station or by dialing an access code after receiving an off-hook tone. Automatic OCA only functions on Voice First Signaling systems. The following procedure covers both calling options.

Handset Off-hook Call Announce (HS-OCA) – lets callers make an announcement through the handset (or headset). No special hardware is required.

Speaker Off-hook Call Announce (SP-OCA) – lets callers make an announcement through the speaker of an off-hook, busy digital phone. The called telephone must be

- ◆ **Handset Off-hook Call Announce (HS-OCA)** – lets callers m

equipped with optional hardware.

When you receive an HS-OCA call while you are on another call, you hear a short warning tone (optional), followed by an announcement.

You are the only one who hears the tone/announcement. The station

Off-hook Call Announce (OCA)

[210] sending the HS-OCA is displayed on your LCD. Stations in the DND mode cannot

receive OCA calls unless the calling station is programmed for DND Override. While on a speaker OCA call,

caller from listening to the conversation with the original party (see on Page 50). Automatic OCA only functions on Voice First Signaling systems. It covers both calling options.

To make an OCA call (Voice First Signaling)

Lift the handset and dial the [DN]. You hear a single tone (optional) or nothing and can talk to the station (Automatic OCA).

Note

If you receive busy tone, press **2** to OCA the station and talk to the station (Automatic OCA). An optional tone is heard at the busy station, indicating that you are connected on an OCA call.

To make an OCA call (Tone Signaling)
1. Lift the handset and dial the [DN].

Strata DK Digital Telephone 5/99 and to OCA the station and talk to the station (Automatic OCA). You may hear busy or no tone.
