## Experience Ultra-Fast Wireless

Powered by the new 802.11ac chipset, RP-AC55 delivers ultra-fast wireless-AC speeds up to 867Mbps on the 5GHz band — that's about 3 times faster than standard Wireless-N! This high-performance wireless lets you enjoy ultra-smooth online gaming, snappier web surfing and other bandwidth-hungry tasks without a wired connection.

## Easy one-click setup with WPS button

You can use the WPS buttons on RP-AC55 and your router for instant automatic setup. Optimized performance is assured for a seamless and smooth internet experience. For advanced settings, you can connect RP-AC55 to a PC via an Ethernet cable and access the web-based configuration menu directly.

## Easy setup with ASUS Extender App

Now It's much easier and more intuitive to set up your ASUS repeater. With just a few taps, you can easily transfer your router's login information to the repeater, and there are easy instructions to help you find the ideal location for RP-AC55. It's all PC-free and right in your hand!
