Character keys

Typing with the character keys is very much like typing on a typewriter, except that:

The spacebar creates a space character instead of just passing over an area of the page.

The lowercase l (el) and the number 1 are not interchangeable.

The uppercase letter O and the number 0 are not interchangeable.

The case — the number and symbol keys are not affected. The caps lock light on the keyboard indicator panel illuminates when you press the

Ctrl, Fn, and Alt keys
