Getting to Know the Windows ® XP Operating System

7

To apply a pattern to your desktop, click Apply.

8

After you have chosen a screen saver pattern and applied it to your desktop, click OK.

The operating system returns you to the desktop.

You can view any object's properties by clicking the

object

with the secondary button, then choosing Properties from the shortcut menu that appears.

The next lesson explains how to set two other properties—the date and time.

Lesson 11: Setting the date and time

You initially set the computer's date and time properties when you turned the computer on for the first time and set up the operating system.

To change the date and time settings:

1

Click Start, then click Control Panel.

2

Click the Date, Time, Language, and Regional Options icon.

3

Click the Date and Time icon.

The operating system displays the Date and Time Properties dialog box.

Sample Date and Time Properties dialog box
