Chapter 6

If Something Goes Wrong

Some problems you may encounter when using your computer

are relatively easy to identify and solve. Others may require help from your network administrator or the manufacturer of the software program.

This chapter aims to help you solve many problems by yourself. It covers the problems you are most likely to encounter. If all else fails, contact Toshiba. You will find information on Toshiba's support services at the end of this chapter.

Problems that are easy to fix

Your program stops responding.

If you are working with a program that suddenly freezes all operations, chances are the program has stopped responding.

You can exit the failed program without shutting down the operating system or closing other programs.

To close a program that has stopped responding:

1

Press

Task Manager.

The Windows

,

, and

simultaneously (once), then click Start

Ctrl

Alt

Del

®

Task Manager window appears.
