Checking the HDD operating status

After restoring your hard disk drive, you can check its status as follows:

1

Click Start.

2

Right-click Computer.

3

Select Manage.

4

Click Disk Management.

5

Highlight the hard disk drive in the Volume list to display its status in the lower portion of the screen.

Installing drivers and applications

(Available on certain models)

The Toshiba Application Installer (available on certain models) allows you to reinstall the drivers and applications that were originally bundled with your computer.

To reinstall drivers and applications:

1

Double-click the Toshiba Application Installer icon on the Windows

2

Click Next.

3

Click the item(s) you want to install.

4

Click Install.

5

Follow the on-screen prompts to complete the installation process.

Using the TouchPad

The TouchPad

the keyboard, is sensitive to touch and enables you to move the cursor with the stroke of a finger. Simply move your finger on the TouchPad in the direction you would like to move the cursor:

To move the cursor to the top of the page, push your finger forward on the TouchPad.

To move the cursor to the bottom of the page, drag your finger toward yourself.

To move the cursor to the right side of the page, slide your finger across the TouchPad from left to right.

To move it to the left side, slide your finger from right to left.

®

desktop.
