Mobile Computing

Traveling tips

Traveling tips

The environmental precautions listed in
[on page](#)

Never leave your computer on a sunny ledge or in a place

where it could get wet or covered in dust.

Always travel with the computer in a carrying case. Toshiba offers a choice of carrying cases for the computer. They all provide plenty of extra space for manuals, power cords, and compact discs. Contact your authorized Toshiba representative for more information or visit Toshiba's Web site at accessories.toshiba.com.

NOTE

43, also apply while traveling.

TECHNICAL NOTE: When traveling by air, you may be required to pass your computer through airport security equipment. The X-ray equipment will not harm your computer.

Before using your computer aboard an aircraft, make sure the Wireless antenna ON/OFF switch is set to the OFF position if your computer has wireless LAN capability.
