Chapter 4

Exploring Your Computer's

Features

In this chapter, you will explore some of the special features of your computer.

Exploring the desktop

The desktop is the launching pad for everything you can do in the

Windows

find documents, set up system components, and perform most other computing tasks.

®

operating system. You use its features to start programs,

HINT: The illustrated examples in this guide may appear slightly different from the screens displayed by your system. The differences are not significant and do not indicate any change in the functionality of your system.
