Your computer contains Toshiba EasyGuard
EasyGuard* technology is made up of four foundational
elements

that incorporate hardware and software innovations into various
Toshiba computers that address the most common security,
reliability and connectivity issues faced by computer users:

**EasyGuard Protect and Fix—to fortify vital information
and**

vulnerable components against the stress and hazards mobile computers face every day.

EasyGuard Secure—to defend your data and your computer against loss, theft or viral attack.

EasyGuard Connect—to help users establish a reliable wired or wireless connection effortlessly and quickly.

EasyGuard Optimize—to enable users to customize system settings to be more productive.

*Toshiba EasyGuard

some of which may or may not be available on a particular Toshiba computer depending on the model selected. See

easyguard.toshiba.com

Running the computer on battery power

The computer contains a removable Lithium-Ion (Li-Ion) battery

that provides power when you are away from an AC outlet. You can recharge it many times.

ManualsLib.com

Battery Notice

Battery life may vary considerably from specifications depending on product model, configuration, applications, power management

settings and features utilized, as well as the natural performance variations produced by the design of individual components.

Published battery life numbers are achieved on select models and

configurations tested by Toshiba at the time of publication. Recharge time varies depending on usage. Battery may not charge while the computer is consuming full power.

After a period of time, the battery will lose its ability to perform at maximum capacity and will need to be replaced. This is normal for all batteries. To purchase a new battery pack, see the accessories information included with your computer or visit the Toshiba Web site at accessories.toshiba.com. Use only batteries designed to work with your Toshiba computer.

Running the computer on battery power

®
technology comprises a number of features for detailed information.
