### [Page 2: Safety Precautions](#)

Introduction Thank you very much for your purchase of this Toshiba pocket personal computer. Please be sure to read this user's guide before using the Toshiba Pocket PC, and ensure that you are aware of correct handling procedures. Please be sure to read "Safety precautions" in this document since these describe important safety issues.

[Page 3](#) Toshiba Corporation or intentional acts, negligence or misuse on the part of the user or any usage under abnormal conditions. Toshiba Corporation is in no way liable for any damage, including but not limited to change or loss of stored data, loss of business profit, lost profits, interruption of business, or lost communication opportunities that are caused by usage or non- usability of this product.

[Page 4](#) Usage in such areas can cause an accident due to negative effects on equipment such as aviation equipment or medical equipment. Keep the Toshiba Pocket PC no less than 9 inches away from persons with a heart pacemaker implant when using the device in combination with a mobile phone.

[Page 5](#) Exposure to liquid can cause ignition or electric shock. If dust is found on or around the pins of the power plug, turn off the Toshiba Pocket PC and disconnect the power plug from the outlet, then wipe off the dust using a dry cloth.

[Page 6](#) Version Do not disassemble, remodel, or repair. Disassembly, remodeling, or repair can cause fire, electric shock, or injury. Please contact the dealer from whom the Toshiba Pocket PC was purchased and request repair service. CAUTIONS When unplugging the power plug from the outlet, disconnect the power cord by grasping the power plug itself.

[Page 7](#) Sitting under these circumstances can cause damage or failure. Do not place objects or drop them on top of the Toshiba Pocket PC. When the Toshiba Pocket PC is placed in a bag containing heavy items, do not allow it to be caught underneath them.

[Page 8](#) A lithium ion battery is used as the built-in battery. Please request the dealer from whom the Toshiba Pocket PC was purchased to replace the built-in battery when this becomes necessary. Lithium ion batteries are recyclable. When you replace your built-in battery, please request that the repair center recycle the battery.
