Knowing the Parts

Right Side

Refer to the diagram below to identify the components on this side of the Notebook PC.

Optical Drive

The Notebook PC comes in various models with different optical drives. The Notebook

PC's optical drive may support compact discs (CD) and/or digital video discs (DVD) and may have recordable (R) or re-writable (RW) capabilities. See the marketing specifications for [details on each model](#).

Optical Drive Electronic Eject

The optical drive eject has an electronic eject button for opening the tray. You can also eject the optical drive tray through any software player or by right clicking the optical drive in Windows™ "My Computer."

Optical Drive Emergency Eject

The emergency eject is used to eject the optical drive tray in case the electronic eject does not work. Do not use the emergency eject in place of the electronic eject.

(location varies by model)
