## [Page 7: Basics](#)

Explore the intuitive simplicity of ASUS Zen UI! ASUS Zen UI is a charming and intuitive interface exclusively for ASUS Phones. It provides you with special apps, which are integrated in or with other apps, to fit your unique individual needs and make your life easier while letting you have fun with your ASUS Phone.

## [Page 8: Get Your Asus Phone Ready](#)

- To avoid network connection and battery issues:
- DO NOT place a metallic sticker on the antenna area.
- DO NOT use a metallic protective frame/case on your ASUS Phone.
- DO NOT cover the antenna area with your hands or other objects while using some functions such as making calls or using the mobile data connection.
- We recommend that you use ASUS-compatible screen protectors. Using non-ASUS-compatible screen protectors may cause your ASUS Phone's sensor to malfunction.

NOTES:

- The Micro SIM / Nano SIM card slots support LTE, WCDMA and GSM/EDGE network bands.
- The microSD card slot supports microSD and microSDHC card formats.

**IMPORTANT!**

- We do not recommend using a screen protector as it can interfere with the proximity sensor. If you want to use a screen protector, ensure that it does not block the proximity sensor.

[Page 9](#) Your ASUS Phone comes with Nano SIM and micro SIM card slots that allow you to set up and use two mobile network services without having to carry two mobile devices at the same time.

[Page 10](#) SIM card slot to avoid irreversible damage. Removing a micro SIM / nano SIM card  
**CAUTION:** Be extra careful when handling a micro SIM / nano SIM card. ASUS is not responsible for any loss or damage incurred to your micro SIM / nano SIM card.

[Page 11](#) **CAUTION!** Be extra careful when handling a memory card. ASUS is not responsible for any data loss or damage incurred to your memory card.

[Page 12](#) Removing a memory card **CAUTION!**

- Be extra careful when handling a memory card.
- ASUS is not responsible for any data loss or damage incurred to your memory card.
- Eject the memory card properly to safely remove it from device.

To eject the memory card, tap > Settings > Storage&USB, then under Portable storage, click beside SD card. To remove a memory card:

1. Turn off your device.
2. Push a pin into the hole on the micro SIM, nano SIM / microSD combo card slot to eject the tray out.

[Page 13](#) Charging your ASUS Phone Your ASUS Phone comes partially charged but you must charge it fully before using it for the first time. Read the following important notices and cautions before charging your device. **IMPORTANT!**

- Use only the bundled AC power adapter and micro USB cable to charge your ASUS Phone. Using a different AC power adapter and cable may damage your device.

[Page 14](#) ASUS Phone.

- The input voltage range between the wall outlet and this adapter is AC 100V - 240V. The output voltage of the device is +5V 2A, 10W.
- 4. When fully-charged, disconnect the USB cable from your ASUS Phone first before unplugging the AC power adapter from the power outlet.

NOTES:

- You can use your device while charging but it may take longer to fully charge the device.

[Page 15](#) Turning your ASUS Phone on or off

Turning your device on To turn your device on, press and hold the power button until your device vibrates and starts up.

Turning your device off To turn your device off:

1. If your screen is turned off, press the power button to turn it on.
- If your screen is locked, unlock the device screen.

## [Page 16: Starting For The First Time](#)

Wi-Fi and security features, sync accounts, and configure your location services. Use your Google or ASUS account to set up your device, if you do not have a Google or ASUS account yet, go ahead and create one.

## [Page 17: Using The Touchscreen](#)

Using the touchscreen Use these gestures on the touchscreen to launch apps, access some settings, and navigate your ASUS Phone. Launching apps or selecting items Do any of the

following:

- To launch an app, simply tap on it.
- To select an item such as in File Manager app, simply tap on it.

Moving or deleting items Do any of the following:

- To move an app or widget, tap and hold then drag it to the location where you want it to be.
- To delete an app or widget from the Home screen, tap and hold then drag it up to Remove.

Chapter 1: Basics...

[Page 18](#) Moving through pages or screens Do any of the following:

- Swipe your finger to the left or to the right to switch between screens or to flip through a Gallery of images.
- Scroll your finger up or down to go through web pages or list of items.

Zooming in Spread apart your two fingers on the touch panel to zoom in an image in Gallery or Maps, or zoom in a web page.

Chapter 1: Basics...

[Page 19](#) Zooming out Bring together your two fingers on the touch panel to zoom out an image in Gallery or Maps, or zoom out of a web page. NOTE: You may not be able to zoom in/out of some web pages as these pages may have been designed specifically to fit your mobile screen.

## [Page 20: There's No Place Like Home](#)

There's no place like Home There's no place like Home Zen Home features Home screen Get reminders of important events, app and system updates, weather forecasts, and text messages from people who really matter to you, right from your Home screen. Swipe down this area once to display System notifications Swipe down this area twice to display Quick settings Tap to display Time and Weather settings...

[Page 21](#) Understanding notification icons These icons are shown on the status bar and will guide you of the current status of your ASUS Phone. Mobile network Shows the signal strength of your mobile network. Micro SIM card Shows that a micro SIM card is inserted into the micro SIM card slot.

## [Page 22: Quick Settings](#)

To add or remove existing buttons from the ASUS Quick Settings notification panel: 1. Launch Quick settings then tap 2. Tap the box beside the feature to add or remove it from the ASUS Quick Setting Notification Panel. NOTE: A checked box indicates that the feature's button is accessible via the ASUS Quick Settings Notification Panel while an unchecked box means the opposite.

## [Page 23: System Notifications](#)

From System notifications, you can see the latest updates done and system changes made on your ASUS Phone. Most of these changes are data and system-related. To launch the System notifications panel, swipe down from the top of your screen.

## [Page 24: Personalizing Your Home Screen](#)

Personalizing your Home screen Stamp your own personality on your Home screen. Select an attractive design as your wallpaper, add shortcuts for quick access to your favorite apps, and add widgets for a quick review of important info. You can also add more pages so you can add and quickly access or view more apps or widgets on your Home screen.

## [Page 25: Wallpapers](#)

Grouping your app shortcuts in a folder Create folders to organize your app shortcuts on your Home screen. 1. On your Home screen, tap and drag an app onto another app and a folder will appear with an automatically assigned name. 2.

## [Page 26: Easy Mode](#)

2. Tap a feature to edit your Home screen. Easy Mode Navigate your ASUS Phone better with Easy Mode, an intuitive interface with large icons, buttons, and font size for better readability and easier user experience. You can also quickly do your core tasks such as making calls, sending messages, and more in Easy Mode.

[Page 27](#) Adding shortcuts In Easy Mode, you can add up to thirty-six (36) app shortcuts on the Home screen. 1. Swipe to the right of the Home screen, then tap 2. From the All apps screen, select the app that you want to add to the list. Removing shortcuts Do the following: 1.

[Page 28](#) Adding contacts In Easy Mode, you can add your frequently contacts on the Home

screen. 1. Swipe to the left of the Home screen, then tap 2. From the Contacts screen, select the contact that you want to add to the list. Removing contacts Do the following: 1.

## [Page 29: Setting Up The Date And Time](#)

Set up the sound for your phone ringtone, notifications such as text messages, emails, and event alerts. You can also choose to enable or disable the dial pad touch tones, touch sounds, screen lock sound, or you can choose to have your ASUS Phone vibrate when you tap on it. To set up the sound settings: 1. Launch the Settings screen by doing any of the following:...

## [Page 30: Lock Screen](#)

2. Scroll down the Settings screen and select Lock screen. 3. In the next screen, tap Screen lock. 4. Tap the screen lock option you would like to use. NOTE: For more details, see Securing your ASUS Phone. Chapter 2: There's no place like Home...

## [Page 31: Customizing The Quick Access Buttons](#)

Customizing the quick access buttons By default, your lock screen includes quick access buttons for these apps: Phone, Messenger, and Camera. Change this default settings and customize these buttons to launch other apps on the lock screen using the following steps: 1. Launch Quick settings then tap 2. Scroll down the Settings screen and select Lock screen. 3. Under Display, tap Quick access. 4.

## [Page 32: Fingerprint Id Sensor](#)

Fingerprint ID sensor Fingerprint ID sensor prevents others from using your ASUS phone without your permission. You can use your fingerprint to unlock your device, access your phone calls and data. When you set up your fingerprint ID, you also need to set up your screen lock method for device startup.

## [Page 33: Setting Up Fingerprint Id From Settings](#)

5. Tap Manage Fingerprints and select the screen lock option you would like to use, and follow the on-screen instructions to set up the screen lock function. NOTE: For more details, see Securing your ASUS Phone. 6. From the Add a fingerprint page, click CONTINUE.

## [Page 34: Work Hard, Play Harder](#)

NOTE: For details on creating a Google account, see Gmail. IMPORTANT! Before doing any Internet surfing or Internet-related activities, ensure that your ASUS Phone is connected to a Wi-Fi or mobile network. For more details, see Staying connected.

## [Page 35: Sharing Pages](#)

Clearing the browsing data Clear the browsing data that are temporarily stored in your ASUS Phone to improve the loading performance of your Chrome browser. The browsing data includes browsing history, cache, cookies/site data, saved passwords, and autofill data.

## [Page 36: Gmail](#)

4. Enter your email address. To create a new Google account, tap Or create a new account. 5. Follow the next steps to sign in to your Google account. NOTE: If you want to set up your work account on your ASUS Phone, ask for the email settings from your network administrator.

## [Page 37: Google Calendar](#)

Google Calendar Bring your schedule to life and keep track of all your important events or reminders. Events that you create or edit will automatically sync with all Google Calendar versions that you've logged into. Creating events To create an event: 1. From the Home screen, tap Google > Calendar. 2.

## [Page 38: Creating Reminders](#)

Creating reminders To create a reminder: 1. From the Home screen, tap Google > Calendar. then tap Reminder. 2. Tap 3. Enter your reminder name and tap DONE. 3. Set the date and time for the reminder. You may set the reminder as an all-day or recurring reminder.

## [Page 39: Do It Later](#)

Calling later You can set a task to call someone at your convenient time from the Do It Later. To call later: 1. From the Home screen, tap ASUS > Do It Later. 2. Tap then tap 3. Find the contact that you want to call later.

## [Page 40: Deleting To-Do Tasks](#)

Deleting to-do tasks You can delete any completed, overdue, or unnecessary to-do tasks from the Do It Later app. 1. From the Home screen, tap ASUS > Do It Later. 2. Tap the task you want to remove from the list.

## [Page 41: The Cloud](#)

Cloud account such as ASUS WebStorage, Drive, OneDrive, and Dropbox. ASUS WebStorage Register for or sign in to ASUS WebStorage and get free cloud storage. Automatically upload newly captured photos for instant sharing, sync files among different devices, or share files via your ASUS WebStorage account.

## [Page 42: Zenfone Care](#)

ZenFone Care Find answers from FAQs (Frequently Asked Questions) or directly interact with other Zen UI users to find and share solutions about ZenUI 3.0 apps. To access ZenFone Care: > ZenFone Care 1. Tap 2. Tap ZenUI FAQs, then select the app that you want to find answers for. Chapter 3: Work hard, play harder...

## [Page 43: Keeping In Touch](#)

Call in style Dual SIM feature The dual SIM feature of your ASUS Phone lets you manage the settings of the installed micro SIM and nano SIM cards. With this feature, you can enable/disable the micro SIM and nano SIM cards, assign SIM names, or set one as a preferred network.

[Page 44](#) Assign a SIM card as your preferred SIM for voice calls and data services. SIM card for voice calls When you make a call, your ASUS Phone automatically uses the preferred SIM card to connect the call. To assign a SIM card for voice calls, tap Calls then tap the SIM card that you want to use.

## [Page 45: Making Calls](#)

Making calls Your ASUS Phone offers you many ways to make a call. Call your friends from your contacts list, smart dial to quickly place a call, or enter a speed-dial number to call your frequently-called contact. NOTE: Organize your contacts in the Contacts app. For details, see Managing contacts.

[Page 46](#) Auto-dialing an extension number You can insert a short or long pause after dialing the main number, then the extension number is dialed automatically. 1. From the Phone app, enter the main number. 2. To insert a pause, tap and hold \* until a comma (,) appears. 3.

[Page 47](#) Deleting a speed dial entry To delete a speed dial entry: > Speed dial to launch the Speed Dial screen. 1. From the Phone app, tap 2. Tap and hold a speed dial entry, then tap Remove. 3. Tap OK on the confirmation message. Replacing a speed dial entry You can replace the contact assigned to a speed dial key with another contact.

## [Page 48: Receiving Calls](#)

3. Tap to end the call. Receiving calls The touch screen of your ASUS Phone lights up when there is an incoming call. The display of the incoming call also varies, depending on the status of your ASUS Phone. Answering calls There are two ways to answer a call depending on the status of your ASUS Phone: • If your device is active, tap Answer or to reject a call, tap Dismiss.

## [Page 49: Managing Your Call Logs](#)

2. Tap Can't talk now, will call you later. An SMS message will be sent to your caller. 3. To retrieve the call, tap ASUS > Do It Later from the Home screen. NOTE: For details on giving a callback, see Calling later.

[Page 50](#) Saving calls to Contacts You can add a call/number from your call logs to your contacts list. 1. From the Phone app, tap to display your call logs. 2. Tap the number that you

want to add to your contacts list. 3.

### [Page 51: Other Call Options](#)

**Other call options** During an active call, tap and tap any of the possible call options for when a call is in progress. **Microphone** Turns the microphone for the active call on or off. When the microphone is off or in mute mode, you can hear the caller but the caller can't hear you.

### [Page 52: Managing Multiple Calls](#)

**Managing multiple calls** Your ASUS Phone provides you the convenience of making or taking two calls. You can also set up a conference call that suits for business meetings, party lines, and other group calls. **Answering another call** While you are talking on your ASUS Phone, you can hear a beeping sound, indicating of another incoming call.

**Page 53** **Setting up a conference call** Your ASUS Phone, together with its GSM capability, can set up a conference call of up to five (5) people. During a call, you can add more contacts and merge all calls into one conference call.

**Page 54** **Managing a conference call** During the conference call, you can separate the contact from the conference group for private conversation, or disconnect a contact from the conference call. 1. From the Conference call screen, tap **Manage conference call** to open a list of contacts in the conference call.

### [Page 55: Recording Calls](#)

**Recording calls** Your ASUS Phone allows you to record a conversation for future reference or information. 1. Call a contact or dial a number. 2. Tap to record the call. **IMPORTANT!** Before recording a call, ensure that you ask for permission from the other party or parties.

### [Page 56: Managing Contacts](#)

1. Launch the Contacts app then tap **Set up my profile or ME**. **NOTE:** ME appears when you've set up your Google account on your ASUS Phone. 2. Fill in your info such as mobile or home number. To add other info, tap **Add another field**.

### [Page 57: Adding Contacts](#)

**Adding contacts** Add contacts to your device, corporate, Google, or other email accounts and fill in more important contact information such as contact numbers, email addresses, special events for VIPs, and more. 1. Launch the Contacts app then tap 2. Select **Device**. **NOTES:** • You can also save the contact to your SIM card or an email account.

### [Page 58: Marking Your Favorite Contacts](#)

**Customizing your contact's profile** Edit your contact's info, add a photo, or set a ringtone. 1. Launch the Contacts app then select the contact whose info or profile you want to edit or customize. 2. Make the changes from the contact's profile page. Tap to edit your contact's info Tap to add your contact's photo from Gallery or by capturing a photo...

### [Page 59: Importing Contacts](#)

**Importing contacts** Import your contacts and their respective data from one contact source to your ASUS Phone, email account, or a SIM card. > Contacts then tap > **Manage contacts**. 1. Tap 2. Tap **Import/export** then select from the following importing options: a. **Import from SIM 1 card/Import from SIM 2 card** b.

### [Page 60: Social Networking With Your Contacts](#)

**Managing your block list** Blocking contacts or numbers Create your list of blocked contacts or numbers to avoid receiving any unwanted calls or messages. Your blocked calls and messages will be saved to the Block List archive. > Contacts then tap >...

### [Page 61: Linking Your Contacts' Info](#)

**Syncing your social network account** Sync your social network account to add the social network accounts of your contacts to your ASUS Phone. 1. Do any of the following to launch the Settings app: • Launch **Quick settings** then tap > **Settings**. • 2. From the Settings screen, tap your social network account under **Accounts** section.

## [Page 62: Backup/Restore Call Logs](#)

Backup call log. 2. Tap 3. Tap Backup call log to device to save the call log backup in your ASUS Phone. To email the call log backup, tap Backup call log to device and send out. 4. Key in a backup file name then tap OK. After the backup is successful, tap OK.

[Page 63](#) Set up the ringtone for your SIM 1 or SIM 2 card. Vibrate when ringing Tick when you want your ASUS Phone to vibrate when it rings. Call forwarding Use this feature if you want to send calls to another number on any of these conditions: Always forward, When busy, When unanswered, and When unreachable.

## [Page 64: Send Messages And More](#)

Send messages and more Google Messenger Google Messenger, an intuitive and delightful app, lets you send/receive SMS/MMS messages, as well as send group texts, photos, or audio messages. You can add emojis or stickers to your messages, share your location, archive your messages, and easily block SMS senders. You can also take photos or record videos and easily share these files.

## [Page 65: Fun And Entertainment](#)

Fun and entertainment Fun and entertainment Using a headset Have the freedom to do other things while you're in a call or enjoy listening to your favorite music, using a headset. Connecting the audio jack Insert the 3.5mm headset jack into the audio port of your device. WARNING! • Do not insert other objects into the audio jack port.

## [Page 66: Google Play Music](#)

Sign in to your Google or Gmail account to be able to use Google Play Music. Once you've signed in to your account, all music files on your ASUS Phone, including the uploaded or purchased ones from Google Play, are added to your library.

## [Page 67: Fm Radio](#)

FM Radio Listen to your favorite local radio stations using your ASUS Phone. 1. Connect the bundled headset with your ASUS Phone. 2. Tap > FM Radio. Tap and select any of these three options: Turn on speaker, Sleep timer, and Band Selection Tap to turn off the FM Radio...

[Page 68](#) Scanning for local stations To scan for stations in your area, tap to automatically scan for your local radio stations. The available local stations are displayed on the FM Radio screen. Tuning to another frequency Do the following if you want to listen to a specific radio station: 1. From the FM Radio app, tap the current radio station. 2.

## [Page 69: Your Precious Moments](#)

Tutorial If it is your first time to use your ASUS Phone's camera, you will encounter the following tutorial screen after launching the Camera app. Refer to the following steps to proceed from this screen. 1. On the Tutorial screen, tap Skip if you want to skip viewing or Start to view the basic tutorial about using Camera.

[Page 70](#) Your ASUS Phone's camera is equipped with auto-scene detection and auto-image stabilizer features. It also features a video stabilization function that helps prevent shakiness while video recording. Tap the icons to start using your camera and explore the image and video features of your ASUS Phone. Adjust settings...

[Page 71](#) Image settings Adjust the appearance of your captured images by configuring your camera's settings using the steps below. IMPORTANT! Apply the settings first before taking images. 1. On the camera's home screen, tap > 2. Scroll down and configure the available options. Image Configure the image quality using these options.

[Page 72](#) Video settings Adjust the appearance of your recorded videos by configuring your camera's settings using the steps below. IMPORTANT! Apply the settings first before taking images. 1. On the camera's home screen, tap > 2. Scroll down and configure the available options. Image Configure the video quality using these options.

## [Page 73: Advanced Camera Features](#)

Have fun during and after taking photos of your family and friends using the Beautification

feature of your ASUS Phone. When enabled, this feature allows you to make live beauty enhancements on your subject's face before you press the shutter button.

[Page 74](#) 1. From the Camera app screen, tap 2. Tap to choose how many people should be included in the photo. 3. Use the rear camera to detect faces and wait for your ASUS Phone to start beeping, counting down until it captures the photo. 4. Tap to save the photo.

[Page 75](#) Time lapse The time lapse video feature of your ASUS Phone allows you to capture stills for automatic time lapse playback. In effect, events seem to move in a fast-forward manner though they actually occurred and were recorded between long intervals.

## [Page 76: Using The Gallery](#)

View images and play videos on your ASUS Phone using the Gallery app. This app also allows you to edit, share, or delete image and video files stored in your ASUS Phone. From Gallery, you can display images in a slideshow or tap to view the selected image or video file.

## [Page 77: Viewing The Photo Location](#)

Viewing the photo location Enable the location access on your ASUS Phone, and get the location details on your photos. Your photos' location details include the area where the photos are taken, as well a map of the location via Google Map or Baidu (in China only).

## [Page 78: Sharing Files From The Gallery](#)

Editing images The Gallery also features its own image editing tools that you can use to enhance images saved on your ASUS Phone. 1. From the Gallery screen, tap the folder where the files are located. 2. After opening the folder, tap the image you want to edit.

## [Page 79: Using Minimovie](#)

Using MiniMovie Turn photos into a theme-designed movie or general slideshow video using the MiniMovie app. To create a MiniMovie: > MiniMovie to launch the MiniMovie app. 1. From your Home screen, tap 2. Tap Allow to allow MiniMovie to access the photos in your phone. 3.

[Page 80](#) 5. Select the folder containing the photos for the movie or slideshow that you want to create. Tap to select photos from the cloud services Tap to select a photo folder Tap to select a photo and tap again to deselect it Tap to deselect the selected photos...

## [Page 81: Photocollage](#)

PhotoCollage Use the PhotoCollage app to create a collage from your collection of photos. from your Home screen then tap PhotoCollage. To launch the PhotoCollage app, tap Tap to create magazine-style collages Tap to use more photo effects Tap to create collages with different grids Tap to design your own stickers Tap to get more stickers Chapter 6: Your precious moments...

## [Page 82: Staying Connected](#)

- For more details on your mobile network charges/fees and settings, contact your mobile service provider. Wi-Fi The Wi-Fi technology of your ASUS Phone gets you connected to the wireless world. Update your social media accounts, browse the Internet, or exchange data and messages wirelessly from your ASUS Phone. Enabling Wi-Fi 1. Launch the Settings screen by doing any of the following:...

## [Page 83: Connecting To A Wi-Fi Network](#)

Bluetooth ® Use the Bluetooth feature of your ASUS Phone to send or receive files and stream multimedia files with other smart devices over short distances. With Bluetooth, you can share your media files with your friends' smart devices, send data for print with a Bluetooth printer, or play music files with a Bluetooth speaker.

## [Page 84: Pairing Your Asus Phone To A Bluetooth® Device](#)

Pairing your ASUS Phone to a Bluetooth® device Before using the Bluetooth feature of your ASUS Phone in full scale, you have to pair it first with the Bluetooth device. The ASUS Phone automatically stores the pairing connection of the Bluetooth device.

## [Page 85: Tethering](#)

Tethering When Wi-Fi service is not available, you can use your ASUS Phone as a modem or turn it into a Wi-Fi hotspot to get Internet access on your laptop, tablet, and other mobile devices. IMPORTANT! Most mobile service providers may require a data plan for you to be able to use the tethering function.

## [Page 86: Bluetooth Tethering](#)

4. From the Tethering screen, slide Portable Wi-Fi hotspot to ON. 5. Connect other devices to your ASUS Phone's hotspot connection the same way you connect to a Wi-Fi network. Bluetooth Tethering Enable Bluetooth on your ASUS Phone and use it as a modem for Internet access on your Bluetooth-enabled mobile devices such as a laptop or a tablet.

## [Page 87: Travel And Maps](#)

Travel and Maps Travel and Maps Weather Get real-time weather updates straight from your ASUS Phone using the weather app. Using Weather, you can also check other weather details from around the world. Launching the Weather app From your Home screen, launch the Weather app using either of the following options: > Weather.

## [Page 88: Weather Home Screen](#)

Weather home screen Set up and get your current location's weather updates as well as other parts of the world.
