[Page 7: Basics](#)

Explore the intuitive simplicity of ASUS Zen UI! ASUS Zen UI is a charming and intuitive interface exclusively for ASUS Phones. It provides you with special apps, which are integrated in or with other apps, to fit your unique individual needs and make your life easier while letting you have fun with your ASUS Phone.

[Page 8: Get Your Asus Phone Ready](#)

- To avoid network connection and battery issues:
- DO NOT place a metallic sticker on the antenna area.
- DO NOT use a metallic protective frame/case on your ASUS Phone.
- DO NOT cover the antenna area with your hands or other objects while using some functions such as making calls or using the mobile data connection.
- We recommend that you use ASUS-compatible screen protectors. Using non-ASUS-compatible screen protectors may cause your

ASUS Phone's sensor to malfunction. NOTES: • Remove the rear cover to display the dual Micro SIM and MicroSD card slots. • The Micro SIM card slots support GSM/GPRS/EDGE, and WCDMA/HSPA+ network bands. • The MicroSD card slot supports MicroSD, MicroSDHC and MicroSDXC card formats. IMPORTANT! • We do not recommend using a screen protector as it can interfere with the proximity sensor. If you want to use a screen protector, ensure that it does not block the proximity sensor.

[Page 9](#) Your ASUS Phone comes with two Micro SIM card slots that allows you to setup and use two mobile network services without having to carry two mobile devices at the same time.

[Page 10](#) Removing a Micro SIM card CAUTION: Be extra careful when handling a Micro SIM card. ASUS is not responsible for any loss or damage incurred to your Micro SIM card. To remove a Micro SIM card: 1. Turn off your device. 2. Locate the groove on the bottom-right corner.

[Page 11](#) • Your ASUS phone supports • Some memory cards may not be compatible with your ASUS Phone. Ensure that you use only compatible memory cards to prevent loss of data, damage to your device or memory card, or both. CAUTION! • Be extra careful when handling a memory card. ASUS is not responsible for any data loss or damage...

[Page 12](#) Removing a memory card CAUTION! • Be extra careful when handling a memory card. ASUS is not responsible for any data loss or damage incurred to your memory card. • Eject the memory card properly to safely remove it from device. To eject the memory card, go to Home > All Apps > Settings > Storage > Unmount external storage. To remove a memory card: 1. Turn off your device. 2. Locate the groove on the bottom-right corner.

[Page 13](#) Charging your ASUS Phone Your ASUS Phone comes partially charged but you must charge it fully before using it for the first time. Read the following important notices and cautions before charging your device. IMPORTANT! • Use only the bundled AC power adapter and micro-USB cable to charge your ASUS Phone. Using a different AC power adapter and cable may damage your device.

[Page 14](#) For safety purposes, use ONLY the bundled power adapter and cable to avoid damaging your device and prevent the risk of injury. • For safety purposes, use ONLY the bundled power adapter and cable to charge your ASUS Phone. • The input voltage range between the wall outlet and this adapter is AC 100V - 240V. The output voltage of ASUS_L001's micro USB cable is DC 5.2V, 1A.

[Page 15](#) Turning your ASUS Phone on or off Turning your device on To turn your device on, press and hold the power button until your device vibrates and starts up. Turning your device off To turn your device off: 1. If your screen is turned off, press the power button to turn it on. If your screen is locked, unlock the device screen.

[Page 16: Starting For The First Time](#)

Wi-Fi, sync accounts, and configure your location services. Use your Google or ASUS account to set up your device, if you do not have a Google or ASUS account yet, go ahead and create one.

[Page 17](#) Battery power conservation tips The battery charge is the lifeline of your ASUS Phone. Here are some battery power conservation tips that helps preserve the power of your ASUS Phone battery. - Close all running apps that are not in use.

[Page 18: Using The Touchscreen](#)

Using the touchscreen Use these gestures on the touchscreen to launch apps, access some settings, and navigate your ASUS Phone. Launching apps or selecting items Do any of the following: • To launch an app, simply tap on it. • To select an item such as in File Manager app, simply tap on it. Moving or deleting items Do any of the following: • To move an app or widget, tap and hold then drag it to the location where you want it to be. • To delete an app or widget from the Home screen, tap and hold then drag it up to Remove. Chapter 1: Basics...

[Page 19](#) Moving through pages or screens Do any of the following: • Swipe your finger to the left or to the right to switch between screens or to flip through a Gallery of images. • Scroll your finger up or down to go through web pages or list of items. Zooming in Spread apart your two fingers on the touch panel to zoom in an image in Gallery or Maps, or zoom in a web page. Chapter 1: Basics...

[Page 20](#) **Zooming out** Bring together your two fingers on the touch panel to zoom out an image in Gallery or Maps, or zoom out of a web page. NOTE: You may not be able to zoom in/out of some web pages as these pages may have been designed specifically to fit your mobile screen.

[Page 21: There's No Place Like Home](#)

There's no place like Home There's no place like Home Zen Home features Home screen Get reminders of important events, app and system updates, weather forecasts, and text messages from people who really matter to you, right from your Home screen. Swipe down this area once to display System notifications Swipe down this area twice to display Quick settings Tap to display Time settings...

[Page 22](#) **Understanding notification icons** These icons are shown on the status bar and will guide you of the current status of your ASUS Phone. Mobile network Shows the signal strength of your mobile network. Micro SIM card 1 Shows that a Micro SIM card is inserted in Micro SIM card slot 1.

[Page 23: Quick Settings](#)

The Quick settings panel provides a one-tap access to some of the wireless features and settings of your ASUS Phone. Each of these features are represented by a button. To launch the Quick settings panel, swipe down twice from the top of your screen.

[Page 24](#) **From System notifications**, you can see the latest updates done and system changes made on your ASUS Phone. Most of these changes are data and system-related. To launch the System notifications panel, swipe down from the upper left corner of your ASUS Phone.

[Page 25: Personalizing Your Home Screen](#)

Personalizing your Home screen Stamp your own personality on your Home screen. Select an attractive design as your wallpaper, add shortcuts for quick access to your favorite apps, and add widgets for a quick review of important info. You can also add more pages so you can add and quickly access or view more apps or widgets on your Home screen.

[Page 26: Wallpapers](#)

Grouping your app shortcuts in a folder Create folders to organize your app shortcuts on your Home screen. 1. On your Home screen, tap and drag an app onto another app and a folder will appear with an automatically assigned name. 2.

[Page 27: Editing Your Home Screen](#)

2. Tap a feature to edit your Home screen. Easy Mode Navigate your ASUS Phone better with Easy Mode, an intuitive interface with large icons, buttons, and font size for better readability and easier user experience . You can also quickly do your core tasks such as making calls, sending messages, and more in Easy Mode.

[Page 28](#) **Adding shortcuts** In Easy Mode, you can add up to thirty six (36) app shortcuts on the Home screen. 1. Swipe to the right of the Home screen, then tap 2. From the All apps screen, select the app that you want to add to the list. Removing shortcuts Do the following: 1.

[Page 29](#) **Adding contacts** In Easy Mode, you can add your frequently contacts on the Home screen. 1. Swipe to the left of the Home screen, then tap 2. From the Contacts screen, select the contact that you want to add to the list. Removing contacts Do the following: 1.

[Page 30: Setting Up The Date And Time](#)

Set up the sound for your phone ringtone, notifications such as text messages, emails, and event alerts. You can also choose to enable or disable the dial pad touch tones, touch sounds, screen lock sound, or you can choose to have your ASUS Phone vibrate when you tap on it. To set up the sound settings: 1. Launch the Settings screen by doing any of the following:...

[Page 31: Lock Screen](#)

2. Scroll down the Settings screen and select Lock screen. 3. In the next screen, tap Screen lock. 4. Tap the screen lock option you would like to use. NOTE: For more details, see Securing

your ASUS Phone. Chapter 2: There's no place like Home...

[Page 32: Customizing The Quick Access Buttons](#)

Customizing the quick access buttons By default, your lock screen includes quick access buttons for these apps: Phone, Messaging, and Camera. Change this default settings and customize these buttons to launch other apps on the lock screen using the following steps: 1. Launch Quick settings then tap 2. Scroll down the Settings screen and select Lock screen. 3. Tap Quick Access under Display. 4.

[Page 33: Work Hard, Play Harder](#)

If you don't have a Google account, register for one. NOTE: For details on creating a Google account, see Gmail. IMPORTANT! Before doing any Internet surfing or Internet-related activities, ensure that your ASUS Phone is connected to a Wi-Fi or mobile network. For more details, see Staying connected.

[Page 34: Sharing Pages](#)

Clearing the browsing data Clear the browsing data that are temporarily stored in your ASUS Phone to improve the loading performance of your Chrome browser. The browsing data includes browsing history, cache, cookies/site data, saved passwords, and autofill data.

[Page 35: Gmail](#)

4. Enter your email address. To create a new Google account, tap Or create a new account. 5. Follow the next steps to sign in to your Google account. NOTE: If you want to set up your work account on your ASUS Phone, ask for the email settings from your network administrator.

[Page 36: Google Calendar](#)

Google Calendar Bring your schedule to life and keep track of all your important events or reminders. Events that you create or edit will automatically sync with all Google Calendar versions that you've logged into. Creating events To create an event: 1. From the Home screen, tap Google > Calendar. 2.

[Page 37: Creating Reminders](#)

Creating reminders To create a reminder: 1. From the Home screen, Google > Calendar. then tap Reminder. 2. Tap 3. Enter your reminder name and tap DONE. 3. Set the date and time for the reminder. You may set the reminder as an all-day or recurring reminder.

[Page 38: File Manager](#)

ASUS Phone and its connected external storage devices. Accessing the internal storage To access the internal storage: 1. Tap ASUS > File Manager. > Internal storage to view the contents of your ASUS Phone then tap an item to select. 2. Tap Accessing the external storage device To access the external storage device: 1.

[Page 39: Asus Support](#)

Find answers from FAQs (Frequently Asked Questions) or directly interact with other Zen UI users to find and share solutions about ZenUI apps. To access ASUS Support: > ASUS Support. 1. Tap 2. Tap ZenUI FAQs > ZenUI apps tab, then select the app that you want to find answers for.

[Page 40: Keeping In Touch](#)

Keeping in touch Keeping in touch Call in style Dual SIM feature The dual SIM feature of your ASUS Phone lets you manage the settings of the installed Micro SIM cards. With this feature, you can enable/disable the Micro SIM cards, or set one as a preferred network. Renaming your Micro SIM cards Change the names of your Micro SIM cards on your ASUS Phone so that you can identify them easily.

[Page 41](#) To assign a Micro SIM card for data service, tap Cellular data then select from SIM1 or SIM2. SIM card for voice calls When you make a call, your ASUS Phone automatically uses the preferred SIM card to connect the call.

[Page 42: Making Calls](#)

Making calls Your ASUS Phone offers you many ways to make a call. Call your friends from your contacts list, smart dial to quickly place a call, or enter a speed-dial number to call your frequently-called contact. NOTE: Organize your contacts in the Contacts app. For details, see Managing contacts.

Page 43 Auto-dialing an extension number You can insert a short or long pause after dialing the main number, then the extension number is dialed automatically. 1. From the Phone app, enter the main number. 2. To insert a pause, tap and hold * until a comma (,) appears. 3.

[Page 44: Receiving Calls](#)

Receiving calls The touch screen of your ASUS Phone lights up when there is an incoming call. The display of the incoming call also varies, depending on the status of your ASUS Phone. **Answering calls** There are two ways to answer a call depending on the status of your ASUS Phone: • If your device is active, tap Answer or to reject a call, tap Decline.

[Page 45: Other Call Options](#)

Other call options During an active call, tap and tap any of the possible call options for when a call is in progress. **Microphone** Turns the microphone for the active call on or off. When the microphone is off or in mute mode, you can hear the caller but the caller can't hear you.

[Page 46: Managing Multiple Calls](#)

Your ASUS Phone provides you the convenience of making or taking two calls. **Answering another call** While you are talking on your ASUS Phone, you can hear a beeping sound, indicating of another incoming call. Tap Answer on the touch screen to receive an incoming call while on an active call.

[Page 47: Managing Contacts](#)

To set up your Contacts settings, tap Setting up your profile **Make your ASUS Phone truly your own and set up your profile info.** 1. Launch the Contacts app then tap Set up my profile or ME. 2. Fill in your info such as mobile or home number.

[Page 48: Adding An Extension Number To A Contact Number](#)
