ASUS Phone and its connected external storage devices. NOTE: Availability of ASUS UI apps vary per region and ASUS Phone model. Swipe up from the lower part of your Home screen to check the apps available on your ASUS Phone.

[Page 8: Get Your Asus Phone Ready](#)

- DO NOT use a metallic protective frame/case on your ASUS Phone.
- DO NOT cover the antenna area with your hands or other objects while using some functions such as making calls or using the mobile data connection.
- We recommend that you use ASUS-compatible screen protectors. Using non-ASUS-compatible screen protectors may cause your ASUS Phone's sensor to malfunction. NOTE: The microSD card slot supports microSD and microSDXC card formats. IMPORTANT!
- We do not recommend using a screen protector as it can interfere with the proximity sensor. If you want to use a screen protector, ensure that it does not block the proximity sensor.

[Page 9](#) • The microSD card is sold separately. CAUTION! Be extra careful when handling a nano SIM card / memory card. ASUS is not responsible for any data loss or damage incurred to your nano SIM cards / memory card.

[Page 10](#) Removing a nano SIM /memory card CAUTION! • Be extra careful when handling a nano SIM card / memory card. ASUS is not responsible for any data loss or damage incurred to your nano SIM cards / memory card. • Eject the memory card properly to safely remove it from device. To eject the memory card, swipe > Storage & memory, then under Portable storage, down from the top of your screen and tap beside SD card.

[Page 11](#) Charging your ASUS Phone Your ASUS Phone comes partially charged but you must charge it fully before using it for the first time. Read the following important notices and cautions before charging your device. IMPORTANT! • Peel off the protective film on the AC power adapter and USB Type-C cable before using it with your device. • Ensure to plug the AC power adapter to a compatible power outlet. You can plug the AC power adapter to any compatible 100~240 V outlet.

[Page 12](#) • For safety purposes, use ONLY the bundled power adapter and cable to charge your ASUS Phone. • The input voltage range between the wall outlet and this adapter is AC 100V - 240V. The output voltage of the device is +9V 2A, 18W. 4. When fully-charged, disconnect the USB cable from your ASUS Phone first before unplugging the AC power adapter from the power outlet. NOTES: • You can use your device while charging but it may take longer to fully charge the device.

[Page 13](#) Turning your ASUS Phone on or off Turning your device on To turn your device on, press and hold the power button until your device vibrates and starts up. Turning your device off To turn your device off: 1. If your screen is turned off, press the power button to turn it on. If

your screen is locked, unlock the device screen.

[Page 14: Starting For The First Time](#)

Follow the onscreen instructions to select your language, set up your mobile network, Wi-Fi and security features, and sync accounts. Use your Google or ASUS account to set up your device, if you do not have a Google or ASUS account yet, go ahead and create one.

[Page 15: Using The Touchscreen](#)

Using the touchscreen Use these gestures on the touchscreen to launch apps, access some settings, and navigate your ASUS Phone. Launching apps To launch an app, simply tap on it. Moving or deleting items Do any of the following: • To move an app or widget, tap and hold then drag it to the location where you want it to be. • To delete an app or widget from the Home screen, tap and hold it then tap Chapter 1: Basics...

[Page 16](#) Moving through pages or screens Do any of the following: • Swipe your finger to the left or to the right to switch between screens or to open Google Search page. • Scroll your finger up or down to go through web pages or list of items. Zooming in Spread apart your two fingers on the touch panel to zoom in an image in Photos or Maps, or zoom in a web page. Chapter 1: Basics...

[Page 17](#) Zooming out Bring together your two fingers on the touch panel to zoom out an image in Photos or Maps, or zoom out of a web page. NOTE: You may not be able to zoom in/out of some web pages as these pages may have been designed specifically to fit your mobile screen.

[Page 18: There's No Place Like Home](#)

There's no place like Home There's no place like Home Home features Home screen Get reminders of important events, app and system updates, weather forecasts, and text messages from people who really matter to you, right from your Home screen. Swipe down this area once to display System notifications Swipe down this area twice to display Quick settings Tap to open Google Search page...

[Page 19: Quick Settings](#)

The Quick settings panel provides a one-tap access to some of the wireless features and settings of your ASUS Phone. Each of these features are represented by an icon. To launch the Quick settings panel, swipe down twice from the top of your screen.

[Page 20: Notifications](#)

From the notifications panel, you can see the latest updates done and system changes made on your ASUS Phone. Most of these changes are data and system-related. To launch the notifications panel, swipe down from the top of your screen.

[Page 21: Personalizing Your Home Screen](#)

Personalizing your Home screen Stamp your own personality on your Home screen. Select an attractive design as your wallpaper, and add widgets for a quick review of important info. You can also add more pages so you can add and quickly access or view more apps or widgets on your Home screen. To launch the Manage Home screen, tap and hold an empty area on your Home screen.

[Page 22: Wallpapers](#)

Wallpapers Let your apps, icons, and other elements sit on an attractively designed wallpaper. You may add a translucent background tint to your wallpaper for readability and clarity. You can also select an animated wallpaper to make your screen come alive. Tick to select where you want to apply the wallpaper Tap to edit the wallpaper Tap to select a wallpaper...

[Page 23: Setting Up The Date And Time](#)

Set up the sound for your phone ringtone, notifications such as text messages, emails, and event alerts. You can also choose to enable or disable the dial pad touch tones, touch sounds, screen lock sound, or you can choose to have your ASUS Phone vibrate when you tap on it. To set up the sound settings: 1. Launch the Settings screen by doing any of the following:...

[Page 24: Lock Screen](#)

2. Select Security & lock screen. 3. In the next screen, tap Screen lock. 4. Tap the screen lock option you would like to use. NOTE: For more details, see Securing your ASUS Phone. Chapter 2: There's no place like Home...

[Page 25: Fingerprint Id Sensor](#)

Fingerprint ID sensor Fingerprint ID sensor prevents others from using your ASUS phone without your permission. You can use your fingerprint to unlock your device, access your phone calls and data. When you set up your fingerprint ID, you also need to set up your screen lock method for device startup.

[Page 26: Setting Up Fingerprint Id From Settings](#)

4. Unlock your phone if it's secured. If not, follow the instructions to set up your backup screen lock method. NOTE: For more details, see Securing your ASUS Phone. 5. Tap Add fingerprint. 6. Repeatedly place-and-lift your finger on the scanner until your fingerprint is captured.

[Page 27: Face Unlock](#)

Face unlock prevents others from using your ASUS phone without your permission effortlessly. You can light up your ASUS Phone's screen and look at it to unlock your device, access your phone's home screen in one second. When you set up your face unlock, you also need to set up your screen lock method for device startup.

[Page 28](#) 4. Follow the instructions to set up your backup screen lock method. 5. Tap Next and follow the instructions to register your face. Chapter 2: There's no place like Home...

[Page 29](#) 6. Select how you want to display your notifications on the lock screen, then tap Done. 7. When finished, tap Turn On to enable face recognition to unlock your phone. NOTES: • Show your mouth, nose and opened eyes while using face unlock feature. •...

[Page 30: Work Hard, Play Harder](#)

If you don't have a NOTE: For details on creating a Google account, see Gmail. IMPORTANT! Before doing any Internet surfing or Internet-related activities, ensure that your ASUS Staying connected.

[Page 31: Sharing Pages](#)

Clearing the browsing data Clear the browsing data that are temporarily stored in your ASUS Phone to improve the loading performance of your Chrome browser. The browsing data includes browsing history, cache, cookies/site data, saved passwords, and autofill data.

[Page 32: Gmail](#)

4. Enter your email address. To create a new Google account, tap Create account. 5. Follow the next steps to sign in to your Google account. NOTE: If you want to set up your work account on your ASUS Phone, ask for the email settings from your network administrator.

[Page 33: Google Calendar](#)

Google Calendar Bring your schedule to life and keep track of all your important events or reminders. Events that you create or edit will automatically sync with all Google Calendar versions that you've logged into. Creating events To create an event: 1. From the Home screen, tap Google > Calendar. 2.

[Page 34: Creating Reminders](#)

Creating reminders To create a reminder: 1. From the Home screen, Google > Calendar. then tap Reminder. 2. Tap 3. Enter your reminder name. 4. Set the date and time for the reminder. You may set the reminder as an all-day or recurring reminder.

[Page 35: File Manager](#)

File Manager Using File Manager allows you to easily locate and manage your data on the internal storage of your Phone and its connected external storage devices. To launch File Manager, swipe up from the lower part of your Home screen then tap File Manager. Tap to

access the internal, external, network, and cloud storage Tap to search for a file...

[Page 36: Asus Data Transfer](#)

ASUS Phone. To use ASUS Data Transfer: 1. Swipe up from the lower part of your Home screen then tap ASUS Data Transfer. 2. Tap Get Started then follow the onscreen instructions to complete the data transfer process. Chapter 3: Work hard, play harder...

[Page 37: Keeping In Touch](#)

Call in style Dual SIM feature The dual SIM feature of your ASUS Phone lets you manage the settings of the installed Nano SIM cards. With this feature, you can enable/disable Nano SIM cards, assign SIM names, or set one as a preferred network.

[Page 38](#) Assign a SIM card as your preferred SIM for voice calls, SMS messages, and data services. SIM card for voice calls When you make a call, your ASUS Phone automatically uses the preferred SIM card to connect the call. To assign a SIM card for voice calls, tap Voice call then tap the SIM that you want to use.

[Page 39: Making Calls](#)

Making calls Your ASUS Phone offers you many ways to make a call. Call your friends from your contacts list, smart dial to quickly place a call, or enter a speed-dial number to call your frequently-called contact. NOTE: Organize your contacts in the Contacts app. For details, see Managing contacts.

[Page 40](#) Auto-dialing an extension number You can insert a short or long pause after dialing the main number, then the extension number is dialed automatically. 1. From the Phone app, enter the main number. 2. To insert a pause, tap and hold * until a comma (,) appears. 3.

[Page 41: Calling Your Favorite Contacts](#)

3. Tap to end the call. Receiving calls The touch screen of your ASUS Phone lights up when there is an incoming call. The display of the incoming call also varies, depending on the status of your ASUS Phone. Answering calls...

[Page 42: Other Call Options](#)

Redialing your last-called number To redial your last-called number: 1. From the Phone app, tap Recents to display your call logs. 2. Tap beside your last-called number to redial the number. 3. Tap to end the call. Other call options During an active call, tap any of the possible call options for when a call is in progress. Contacts Opens the Contacts app.

[Page 43: Recording Calls](#)

Recording calls Your ASUS Phone allows you to record a conversation for future reference or information. 1. Call a contact or dial a number. 2. Tap to record the call. IMPORTANT! Before recording a call, ensure that you ask for permission from the other party or parties.

[Page 44: Managing Contacts](#)

1. Launch the Contacts app then tap Set up my profile or ME. NOTE: ME appears when you've set up your Google account on your ASUS Phone. 2. Fill in your info such as mobile or home number. To add other info, tap Add another field.

[Page 45: Adding Contacts](#)

Adding contacts Add contacts to your device, corporate, Google, or other email accounts and fill in more important contact information such as contact numbers, email addresses, special events for VIPs, and more. 1. Launch the Contacts app then tap 2. Select Device. NOTES: • You can also save the contact to your SIM card or an email account.

[Page 46: Marking Your Favorite Contacts](#)

Customizing your contact's profile Edit your contact's info, add a photo, set a ringtone, or take a photo as a cover for your contact's profile. 1. Launch the Contacts app then select the contact whose info or profile you want to edit or customize.

[Page 47: Social Networking With Your Contacts](#)

Managing your block list Blocking numbers Create your list of blocked numbers to avoid receiving any unwanted calls or messages. Your blocked calls and messages will be saved to the Block List archive. 1. Swipe up from the lower part of your Home screen then tap Contacts. >...

[Page 48: Send Messages And More](#)

Syncing your social network account Sync your social network account to add the social network accounts of your contacts to your ASUS Phone. 1. Launch the Settings screen by doing any of the following: • Launch Quick Settings then tap Swipe up from the lower part of your Home screen then tap Settings.

[Page 49: Fun And Entertainment](#)

Fun and entertainment Fun and entertainment Using a headset Have the freedom to do other things while you're in a call or enjoy listening to your favorite music, using a headset. Connecting the audio jack Insert the 3.5mm headset jack into the audio port of your device. WARNING! • Do not insert other objects into the audio jack port.

[Page 50: Google Play Music](#)

Sign in to your Google or Gmail account to be able to use Google Play Music. Once you've signed in to your account, all music files on your ASUS Phone, including the uploaded or purchased ones from Google Play, are added to your library.

[Page 51: Your Precious Moments](#)

Your precious moments Your precious moments Capture moments Launching the Camera app Capture images and record videos using your ASUS Phone's Camera app. Refer to any of the steps below to open the Camera app. From the lock screen Swipe up to launch the camera app.

[Page 52](#) Your ASUS Phone's camera is equipped with auto-scene detection and auto-image stabilizer features. It also features a video stabilization function that helps prevent shakiness while video recording. Tap the icons to start using your camera and explore the image and video features of your ASUS Phone. Adjust settings...

[Page 53: Advanced Camera Features](#)

IMPORTANT! Apply the settings first before taking images. Available features may vary per model. Time lapse The time lapse video feature of your ASUS Phone allows you to capture stills for automatic time lapse playback. In effect, events seem to move in a fast-forward manner though they actually occurred and were recorded between long intervals.

[Page 54: Using The Gallery](#)

View images and play videos on your ASUS Phone using the Gallery app. This app also allows you to edit, share, or delete image and video files stored in your ASUS Phone. From Gallery, you can display images in a slideshow or tap to view the selected image or video file.

[Page 55: Sharing Files From The Gallery](#)

3. Tap Edit to open the image editing toolbar. 4. Tap any of the icons on the editing toolbar to apply changes to the image. Sharing files from the Gallery 1. From the Gallery screen, tap the folder where the files you want to share are located. 2.

[Page 56: Staying Connected](#)

• For more details on your mobile network charges/fees and settings, contact your mobile service provider. Wi-Fi The Wi-Fi technology of your ASUS Phone gets you connected to the wireless world. Update your social media accounts, browse the Internet, or exchange data and messages wirelessly from your ASUS Phone. Enabling Wi-Fi 1. Launch the Settings screen by doing any of the following:...

[Page 57: Connecting To A Wi-Fi Network](#)

Quick Settings screen. Bluetooth® Use the Bluetooth feature of your ASUS Phone to send or receive files and stream multimedia files with other smart devices over short distances. With Bluetooth, you can share your media files with your friends' smart devices, send data for print

with a Bluetooth printer, or play music files with a Bluetooth speaker.

[Page 58: Pairing Your Asus Phone To A Bluetooth® Device](#)

Pairing your ASUS Phone to a Bluetooth® device Before using the Bluetooth feature of your ASUS Phone in full scale, you have to pair it first with the Bluetooth device. The ASUS Phone automatically stores the pairing connection of the Bluetooth device.

[Page 59: Tethering](#)

Tethering When Wi-Fi service is not available, you can use your ASUS Phone as a modem or turn it into a Wi-Fi hotspot to get Internet access on your laptop, tablet, and other mobile devices. IMPORTANT! Most mobile service providers may require a data plan for you to be able to use the tethering function.

[Page 60: Bluetooth Tethering](#)

USB Tethering Enable USB tethering on your ASUS Phone and share its Internet connection with other devices. Connect your ASUS Phone to another device with a USB cable. From the Settings screen, tap Network & internet > Hotspot & tethering, then slide USB tethering to ON to enable tethering.

[Page 61: Travel And Maps](#)

Travel and Maps Travel and Maps Weather Get real-time weather updates straight from your ASUS Phone using the weather app. Using Weather, you can also check other weather details from around the world. Launching the Weather app From your Home screen, tap the weather icon to launch the Weather app.

[Page 62: Weather Home Screen](#)

Weather home screen Set up and get your current location's weather updates as well as other parts of the world. Battery care : Dynamically adjusts the charging rate between 10:00 PM and 7:00 AM and extends • the battery life of your ASUS phone by up to two times. Chapter 9: Special tools...

[Page 71: Maintain Your Phone](#)

You can store data, apps, or files on your ASUS Phone (internal storage), on an external storage, or on an online storage. You need an internet connection to transfer or download your files on an online storage. Use the bundled USB cable to copy files to or from the computer to your ASUS Phone.

[Page 72: Securing Your Asus Phone](#)

Unlocking your screen When the screen is locked, you can open it with the security unlocking options that the ASUS Phone offers you. 1. Swipe up from the lower part of your Home screen then tap Settings > Security & lock screen.

[Page 73](#) Key in at least four numbers to set a PIN. IMPORTANT! Ensure to remember the PIN that you created to unlock your device. Pattern Slide your finger on the dots and create a pattern. IMPORTANT! You can create a pattern with a minimum of four dots. Ensure to remember the pattern that you created to unlock your device.

[Page 74](#) Know your ASUS Phone's identity such as serial number, IMEI (International Mobile Equipment Identity) number, or model number. This is important, as when you may lose your ASUS Phone, you can contact your mobile carrier and provide the information to blacklist the unauthorized use of your ASUS Phone.

[Page 75: Appendix](#)

The battery WARNING: Disassembling the battery by yourself will void its warranty and may cause serious harm. Your ASUS Phone is equipped with a high performance non-detachable Li-polymer battery. Observe the maintenance guidelines for a longer battery life. • Do not remove the non-detachable Li-polymer battery as this will void the warranty.

[Page 76](#) • Use only the charger supplied with your ASUS Phone. • Never pull the charger cord to disconnect it from the power socket. Pull the charger itself. Caution Your ASUS Phone is a high quality piece of equipment. Before operating, read all instructions and cautionary markings on the (1) AC Adapter. • Do not use the ASUS Phone in an extreme environment where high temperature or high humidity exists. The ASUS Phone performs optimally in an ambient temperature between 0 °C (32 °F) and 35 °C (95 °F).

[Page 77: Notices](#)

The country code selection is for non-US models only and is not available to all US models. Per FCC regulation, all WiFi products that are marketed in US must be fixed to US-operated channels only. The responsible party within the USA per 47 CFR Part 2.1077(a)(3): ASUS COMPUTER INTERNATIONAL (America) Address: Corporate Way, Fremont, CA 94539, USA Telephone: +1-510-739-3777 RF Exposure Information (SAR) This device has been tested and meets applicable limits for Radio Frequency (RF) exposure.

[Page 78](#) To reduce exposure to RF energy, use a hands-free accessory or other similar option to keep this device away from your head and body. Carry this device at least 10 mm away from

your body to ensure exposure levels remain at or below the as-tested levels. Choose the belt clips, holsters, or other similar body-worn accessories which do not contain metallic components to support operation in this manner.

[Page 79](#) Canada, Industry Canada (IC) Notices This device complies with Industry Canada's licence-exempt RSS standard(s).
