2

Before using the unit, please read this manual thoroughly and retain it for future reference.

This symbol is intended to alert the user to the presence of uninsulated "Dangerous voltage" within the product's enclosure that may be of sufficient magnitude to constitute a risk of electric shock to persons.

This symbol is intended to alert the user to the presence of important operating and maintenance (servicing) instructions in the literature accompanying the appliance.

CAUTION!

Changes or modifications not expressly approved by manufacturer for compliance could void the user's authority to operate the equipment.

NOTE:

No user-serviceable parts inside. Refer servicing to qualified service personnel.

TOSHIBA TEC Europe Retail Information Systems S.A.
Rue de la Célidée 33 BE-1080 Brussels

WARNING

This indicates that there is the risk of death or serious injury if the machines are handled improperly or contrary to this indication.

- Only connect this device to DC12V battery vehicles.
- Connecting it to any vehicles other than specified may cause ignition or overheat.
- Only use this device with the B-EP2DL series portable printer.
- Failure to do this may cause burst, ignition or overheat of the connected device
- Do not excessively bend, damage, pull on, place heavy objects on, or heat the cable of this device.
- This may cause fire or electric shock.
- Do not remove covers, repair or modify the device by yourself.
- This may cause fire or electric shock.
- Do not connect or disconnect the plug of this device with wet hands.
- This may cause electric shock.
- Do not pour water directly onto the device or wipe it with dampened cloth.
- This may cause fire or electric shock.
- If the device produces smoke or strange smells, immediately unplug this device from the cigarette lighter socket.

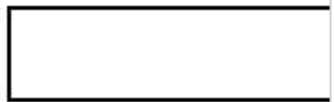

Continued use of the device in such abnormal condition may cause fire or electric shock.

- Fully insert the plug to the cigarette lighter socket.
- Failure to do this may cause fire or electric shock.
- When disconnecting the plug, be sure to hold and pull the plug portion.
- Pulling the cord portion may cut or expose the internal wires and cause fire or electric shock.
- Disconnect the device from the cigarette lighter socket when it is not used for a long period of time.
- Failure to do this may cause fire.
- Do not allow children to use this device.
- Keep it away from children, or they may suffer from electric shock or injury.
- Do not use the device where it might be exposed to:
 - Direct sunlight
 - Temperatures out of the specification
 - High humidity
 - Close to fire or moisture
 - Dust
 - Rapid temperature change
- Using the device in such conditions may cause fire, electric shock, or injury.
- Do not store the device where it might be exposed to:
 - Direct sunlight
 - Temperatures out of the specification
 - High humidity
 - Close to fire or moisture
 - Dust
 - Vibration
- This may cause overheating or fire.
- Do not use a spray cleaner containing flammable gas for cleaning this product, as this may cause a fire.

RISK C

- TO PREVENT FIRE
- POSE THE UNIT TO
- TO PREVENT ELE
- COVER (OR BACK

TOSHIBA TEC CO

Before using this product:

Please follow the instructions below to use the B-EP802-DC12-QM-R correctly.

- The B-EP802-DC12-QM-R is a 12V vehicle cigarette lighter adapter designed for charging the battery pack loaded in the B-EP2DL series portable printer, not for supplying the power to the B-EP2DL portable printer.

TOSHIBA

- Only use this device with the cigarette lighter of a DC12V negative earth vehicle. We are not responsible for any results caused by a connection to any vehicles other than specified.

- Do not connect this device to any devices other than the

assume no responsibility for any results caused by a connection to other devices.

- Before connecting this device to the printer, please make sure that the battery pack is in the printer. We are not responsible for any result caused by use of the printer without the battery pack loaded inside.

If any difficulty should arise, unplug the unit and contact your Authorized TOSHIBA TEC representative.
