SAFETY INSTRUCTIONS Safety Instructions • This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities or lack of experience and knowledge unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety. •...

[Page 4](#) SAFETY INSTRUCTIONS Safety Instructions For your safety, the information in this manual must be followed to minimize the risk of fire or explosion, electric shock, or to prevent property damage, personal injury or loss of life. Explanation of the symbols: Warning! This combination of symbol and signal word indicates a potentially dangerous situation which may result in death or serious injuries unless it's avoided.

[Page 5](#) SAFETY INSTRUCTIONS • The new hose-sets supplied with the appliance must be used and the old hose-sets must not be used. • Before maintenance, unplug the appliance. • Always unplug the machine and turn off the water supply after use. The standard inlet water pressure: 0.05MPa~1MPa.

[Page 6](#) SAFETY INSTRUCTIONS • Pull out its plug from the power socket before cleaning or maintenance. • Do not use any socket with rated current less than that of appliance. Never pull out power plug with wet hand. • Please remember to disconnect water and power supply immediately after the clothes are washed.

[Page 7](#) SAFETY INSTRUCTIONS Risk of explosion! • Do not wash or dry articles that have been cleaned in, washed in, soaked in, or spotted with combustible or explosive substances (such as wax, oil, paint, gasoline, degreasers, dry-cleaning solvents, kerosene, etc.) This may result in fire or explosion.

[Page 8](#) SAFETY INSTRUCTIONS • Remove all packages and transport bolts before using the appliance. Otherwise, serious damage may result. Risk of damaging appliance! • Your product is only for home use and is only designed for the textiles suitable for machine washing. •...

[Page 9](#) SAFETY INSTRUCTIONS • Make sure that all pockets are emptied. Sharp and rigid items such as coin, brooch, nail, screw or stone etc. may cause serious damages to this machine. • Please check whether the water inside the drum has been drained before opening its door. Please do not open the door if there is any water visible.

[Page 10](#) SAFETY INSTRUCTIONS • Fabric softeners, or similar products, should be used as specified by the fabric softener instructions. • The final part of a washer dryer cycle occurs without heat (cool down cycle) to ensure that the items are left at a temperature that ensures that the items will not be damaged.
