Page 9: Safety Precautions

Safety Precautions This equipment has been designed and manufactured to meet international safety standards but, like any electrical equip- ment, care must be taken to obtain the best results and for safety to be assured. Please read the points below for your own safety.

Page 10: Installation And Important Information

Furthermore, under no circumstances shall Toshiba be liable for any consequential loss and/or damage including but not limited to the following, loss of profi t, interruption of business, the loss of recorded data whether caused during normal opera- tion or misuse of the product.

Page 11: Important Safety Information

Important safety information USE OF CONTROLS OR ADJUSTMENTS OR PERFORMANCE OF PROCEDURES OTHER THAN THOSE SPECIFIED HEREIN MAY RESULT IN HAZARDOUS RADIATION EXPOSURE. DO NOT OPEN COVERS AND DO NOT REPAIR YOURSELF. REFER SERVICING TO QUALIFIED PERSONNEL. Headphone Warning Loud music can damage your hearing irreversibly. Do not set the volume to a high level when listening through headphones, particularly for extended listening periods.

Page 12

Important safety information (continued) • This set should only be connected to an 220-240V AC 50Hz mains power supply. Do not attempt to connect it to any other type of supply. • The socket outlet must be installed near the equipment and is easily accessible.

Page 13: Removing The Pedestal Stand

Removing the pedestal stand (1) Carefully lay the front of the TV face down on a fl at, cushioned surface such as a quilt or blanket. Leave the stand protruding over the edge of the surface. Note: Extreme care should always be taken when removing the pedestal stand to avoid damage to the LCD panel.

Page 14: The Remote Control

Simple at-a-glance reference of your remote control. Inserting Batteries and Effective Range of the Remote Control Remove the back cover to reveal the battery compartment and make sure the batteries are inserted the right way round. Suitable battery types for this remote are AAA,

IEC R03 1.5V. Do not combine a used, old battery with a new one or mix battery types.

Page 15: Connecting External Equipment

Connecting External Equipment Before connecting any external equipment, remove the mains plug from the wall socket. Aerial cable:... Connect the aerial to the ANT. socket on the rear of the TV. SCART lead:... If you use a decoder* or a media recorder, it is essential that the scart cable is connected to the TV.

Page 16: Connecting An Hdmi

Connecting an HDMI The HDMI input on your TV receives digital audio and uncompressed digital video from an HDMI source device or uncompressed digital video from a DVI (Digital Visual Interface) source device. This input is designed to accept HDCP (High-Bandwidth Digital-Content Protection) programme material in digital form from EIA/CEA-861-D–compliant [1] consumer electronic devices (such as a set-top box or DVD player with HDMI or...
