1) Program data obtained in conformity with European standard EN 50242, obtained under normal conditions (without additional options) and may vary depending on conditions. Differences of up to 20 minutes are possible with sensor programs as a result of the appliance's automatic calibration system.

2) Reference program for energy label in compliance with EN 50242 regulations. - Note for Testing Institutes: for detailed information on the EN/Standard loading comparison test and other tests, contact the following address: "nk\_customer@whirlpool.com".

**CANCEL/OFF BUTTON**

Push this button to switch off the control panel.

If pressed when a program is running it cancels the

program ongoing draining water for 1 minute.

If pressed when the dishwasher is switched off it

drains any possible liquids from dishwasher (1

minute process).

If the indicator flashes repeatedly, see page 6

chapter "What to do if ...".

**Loading instructions**

**cold**

Crockery to be washed later.

Lightly soiled crockery, with no

40°C

dried on food.
