PNC (Passive noise cancelation) performance: Maximum >30dB
Battery life: Up to 40 hours (with one AAA battery)
Dimension (mm): 206mm x 196mm x 80mm (L x W x H)
Weight: 325g

Wearing your headset

NOTE: There are L and R markings on the ear cups.

To wear your headset

- Adjust the headband so it fits snugly on your head.

- Adjust the ear cups so it fits comfortably around your ears.

- Move the volume control to increase/decrease the volume.

Installing the battery

To install the battery

1. Turn off the ANC switch.

2. Push the battery cover button to open and remove the battery cover.

3. Install one AAA battery in the battery slot.

4. Replace the battery cover.

NOTE: Remove the battery if you are not going to use your headset for a long time.

Connecting the microphone and the audio cable

To connect the microphone
Connect the microphone to the headset's microphone port.

To connect the audio cable

1. Connect the audio cable to the headset's audio port.

2. Connect the audio cable's headphone and microphone connectors to your computer's headphone and microphone ports.

Activating the noise-canceling function

The noise-canceling function removes ambient noise such as background noise for a clearer sound quality.

To activate the noise-canceling function
Slide the ANC switch to the right to activate the noise-canceling function. The activity LED turns red.

Storing your headset

To store your headset

1. Fold one side, then the other, ensuring that pressure is applied to the hinges and not on the ear cups.

2. Put your headset and its accessories in the protective case.
