Options

You can add a number of options to make your computer even more powerful and convenient to use. The following options are available:

Memory Modules

The computer comes with at least one memory module pre-installed.

Use only PC2700 compatible DDR memory modules. See your TOSHIBA dealer for details

Battery Pack

AC Adaptor

USB FDD Kit

User's Manual

Two memory modules can be installed in the computer

An additional battery pack can be purchased from your TOSHIBA dealer. Use it as a spare to increase your computer operating time.

If you use your computer at more than one site frequently, it may be convenient to purchase an additional AC adaptor for each site so you will not have to carry the adaptor with you.

Lets you attach a floppy diskette device to your computer by means of a USB cable.
