Program indicator

3.
Repeat indicator

4.

Repeat all indicator

5.

RANDOM indicator

6.

CD Track number indicator

NOTES:

- If a disc is loaded upside down, "---" will be displayed.

- If no disc is loaded, "---" will be displayed.

- Opening the CD compartment lid while a

CD is playing could scratch the disc.

Always press the STOP button and wait for the disc to stop rotating before opening the CD compartment lid.

AUX IN CONNECTION

1.

Slide Function selector to AUX.

2.

Connect one end of a 3.5 mm plug signal wire to AUX IN JACK and the other end of the signal wire to your home equipment.

3.

Play your home equipment.

MP3 player or other sound

equipment.

GENERAL OPERATION

4

Using headphones

When the headphones are plugged in, the speakers are automatically disconnected.

CAUTION: Listening at high power for a long moment could damage users' ears.

Compact discs

- Both 8cm and 12cm discs can be played in

ManualsLib.com

this unit.

NOTE: Place only one disc at a time in the CD compartment.

- Only discs bearing the logo as shown can be played in this unit.

- This unit can play back the CD-R/RW as well, however, some CD-R/RWs cannot be played back due to various recording conditions: such as CD-R/RW recorder performance, writing software etc.

- It is normal for some noise comes from CD laser head when the unit is searching tracks or there is no disc in the CD compartment.

- Always place the compact disc in the CD compartment with the label side facing up.

Compact discs can be played on only one side.

- Fingerprints and dust should be carefully wiped off the disc's signal surface (opposite the label side) with a soft cloth. Gently wipe in a straight motion from the inside to the outside of the disc.

- Discs should be returned to their case after use to avoid serious scratches, which could cause the player to skip.

- Do not expose a disc to direct sunlight, high humidity, or high temperatures for extended
