Page 24: Charging The Battery

Charging the Battery The gigabeat is equipped with a built-in battery. When the AC adapter is connected to the gigabeat, charging begins automatically. If you are using the gigabeat for the first time after purchase, or when the gigabeat hasn't been used for a prolonged period, fully charge the battery beforehand.

Page 25

The charge time will vary depending on the condition of the built-in battery, ambient

temperature, etc. If USB connection (TOSHIBA Audio Application Owner's Manual, p. 14) is maintained for a prolonged period while the gigabeat is being charged, the charge may stop temporarily to limit the temperature increase in the gigabeat.
