Page 12: Safety Information

Safety information Phone care Do not attempt to open the phone casing. There are no user serviceable parts inside and you might damage sensitive electronic circuits and components. Unauthorized disassembly will void the warranty. Do not leave your phone exposed to strong sunlight or excessive heat for a prolonged period. This may damage it.

Page 13: Memory Card

• Never soak the battery in water or any other liquid. • Never try to open the battery as it contains substances that might be harmful if swallowed or allowed to come into contact with unprotected skin. • Never short-circuit the battery, as it may overheat and cause a fire. Keep it away from jewellery and other metal objects.

Page 14: Driving Safely

• Do not short circuit the contact points or expose it to liquids or moisture. When not in use, keep it in an antistatic container. • Do not use force when inserting or handling the card, and do not expose it to excessive heat or strong magnetic fields.

Page 15: Electronic Devices

If you have any reason to suspect that interference is taking place, turn your phone off immediately. Hearing aids Some digital phones may interfere with some hearing aids. In the event of such interference, call ASUS Customer Service to discuss alternatives.

Page 16: Other Medical Devices

Other medical devices If you use any other personal medical device, consult the manufacturer of your device to determine if it is adequately shielded from external RF energy. Your physician may be able to assist you in obtaining this information. Turn your phone off in healthcare facilities when any regulations posted in these areas instruct you to do Hospitals or healthcare facilities may be using equipment that could be sensitive to external RF energy.

Page 17: Blasting Areas

Blasting areas To avoid interfering with blasting operations, turn your phone off when in a ‘blasting area’ or in areas posted: “Turn off two-way radio.” Obey all signs and instructions. Potentially explosive environments Turn your phone off when in any area with a potentially explosive environment and obey all signs and instructions.

Page 18: Mobile Phone Etiquette

Mobile phone etiquette As mobile phone usage rises, there is now a need to create a set of manners in using a mobile phone in professional and social settings. This section provides you with basic tips with regards to respecting others while using your mobile phone.
