Summary of Contents for Toshiba MEGF40S - Gigabeat 40 GB Digital Player

[Page 1](#) The illustration above shows the image of the MEGF60, MEGF40. G Thank you for purchasing a Toshiba gigabeat Mobile Audio Player. G Please read this manual carefully before using your gigabeat Mobile Audio Player to ensure correct use of the product.

[Page 2](#) Only peripherals complying with the FCC Class B limits may be attached to this equipment. Operation with noncompliant peripherals or peripherals not recommended by Toshiba is likely to result in interference to radio and TV reception. Changes or modifications

made to this equipment not expressly approved by Toshiba or parties authorized by Toshiba could void the user's authority to operate the equipment.

[Page 3: G Safety Precautions](#)

Safety Precautions Safety icons This manual contains safety instructions that must be observed in order to avoid potential hazards that could result in personal injuries, damage to your equipment, or loss of data. These safety cautions have been classified according to the seriousness of the risk, and the icons highlight these instructions as follows: Indicates a potentially hazardous situation which, if not avoided,...

[Page 4](#) Safety Precautions (Continued from the previous page) Precautions for Use Should you notice any abnormality such as odor, smoke or overheating, turn off the power and disconnect the AC adapter. Continuing to use the product may result in fire, electric shock or burn, possibly resulting in serious injury.

[Page 5](#) Do not charge the built-in battery other than by the specified method. Doing so may result in fire, explosion or electric shock, possibly resulting in serious injury. Do not charge or discharge the product near fire or under the hot sun. The built-in battery may leak, resulting in ignition or explosion, possibly resulting in serious injury.

[Page 6](#) Safety Precautions (Continued from the previous page) Do not place the product on, or cover it with, a cloth or cushion. The buildup of heat may cause the top panel to deform or result in fire possibly resulting in serious injury. Use the product in a well-ventilated place.

[Page 7](#) Insert the power plug firmly into the power outlet. If the power plug is not fully inserted, fire or electric shock may result, possibly resulting in serious injury. When removing the power plug from the power outlet, do not pull directly on the cable.

Trademarks • The gigabeat is a registered trademark of Toshiba Corporation. Plus Touch, gigabeat room, and RipRec are trademarks of Toshiba Corporation. • Microsoft, Windows and Windows Media are either registered trademarks or trademarks of Microsoft Corporation in the United States and/or other countries.

[Page 10: Important Information On Use](#)

Important Information on Use Handling the Product Do not subject the product to strong impact, as it may damage the product or destroy the recorded data. Do not apply unnecessary force to the product's display surface, as it may damage the display. Placing the product in a bag along with hard objects may damage the product in the event of contact with those objects.

[Page 11](#) MP3 and WMA formats, prior to the downloading thereof. Toshiba has no right to grant and does not grant permission to download any copyrighted content.

[Page 12](#) Regularly back up the data in the internal hard disk so that it can be recovered in the event of corruption or loss. TOSHIBA shall not be liable whatsoever for loss of data stored on the internal hard disk. gigabeat F60_OP10_15(E)â,î...

[Page 13](#) G The built-in battery is a consumable part. Repeated use will gradually decrease the operating time. If the battery is consumed quickly after a full charge, the built-in battery may have failed. Please contact TOSHIBA Customer Service by calling (Phone # on "STOP SHEET").

[Page 14: G Ac Adapter](#)

AC Adapter When using the AC adapter, carefully read and observe the information in "Safety Precautions" p. 6) as well as the following instructions. Be sure to use the supplied AC adapter. The use of another adapter may result in damage, heat generation or fire, possibly resulting in

serious injury.

[Page 15: G Key Product Features](#)

Key Product features | Photo Viewer-Download your favorite images to gigabeat and view slideshows. Download album covers and search via album cover. | Plus Touch sensor control - lets you scroll through your music collection and photos quickly and easily. | Use the supplied gigabeat room, Windows Media Player or Napster To Go software to manage your music and photos.

[Page 16: Product Overview](#)

Product Overview The gigabeat is a portable, hard disk drive (HDD) audio player. [Page 30: G Charging The Built-In Battery](#)

Charging the Built-in Battery When the AC adapter is connected to the gigabeat, charging starts automatically. If you are using the gigabeat for the first time after purchase, or when the gigabeat hasn't been used for a prolonged period, fully charge the battery beforehand.

[Page 31: Charge Using The Usb Cradle](#)

Charge Using the USB CRADLE Connect the gigabeat to the USB CRADLE, then make further connections in the order indicated in the diagram below. Connect to the outlet. When removing the gigabeat from the USB CRADLE, pull straight out in the direction of the arrow () in the above diagram.

[Page 32](#) Charging the Built-in Battery (Continued from the previous page) When charging of the gigabeat has started, the charging icon (orange) is displayed on the display screen. When charging is completed, the charging completion icon (green) is displayed on the display screen. If the screen does not function in this way, see "Troubleshooting"...

[Page 33: G Turning The Power On/Off](#)

Turning the Power ON/OFF G Preparation Set the BATTERY switch to ON. (p. 30) Turning the Power ON/OFF Press and hold the POWER button. Holding down the button of the wired remote control (supplied with the MEGF60, MEGF40) for 2 seconds or longer will also turn the power on or off. The power cannot be turned on or off during the HOLD condition.

[Page 34: Playing Music Tracks](#)

Playing Music Tracks G Preparation Transfer tracks to the gigabeat beforehand. See the Owner's Manual-"gigabeat room" for the procedure for transferring tracks. Connect the supplied EARBUDS to the headphone jack on the main unit. When using the wired remote control (supplied with the MEGF60 and MEGF40, optional for MEGF20/MEGF10), connect the wired remote control to the head- phone jack on the main unit, and connect the supplied EARBUDS to the wired remote control.

[Page 35: Playing The Track Selected](#)
