Toshiba recommends Windows

TECRA M7

Toshiba recommends Windows® XP Tablet PC Edition.

The new Tecra M7 is the first 14.1" widescreen Tablet and one of the most powerful and capable on the market. It's a high-performance device for mobile users who value the increased productivity of a Tablet but still want the performance and multimedia features of a desktop replacement. The M7 is ruggedised and highly reliable, with a range of enhanced security and connectivity features. It also offers an optional battery slice for all-day computing.
