## ***Chapter 8: Using the TV's network features***

### **Using your home network**

This TV is a DLNA CERTIFIED

TV can play digital content stored on a DLNA

CERTIFIED

product with server function. If you want to use this TV as a DLNA CERTIFIED Player, you will have to configure the network settings on your TV (□ page 22).

If you want to use your home network with an Internet connection, you will have to configure the network settings on your TV (□ page 23).

Change the network settings if necessary (□

"Setting up the Network" on page 66).

**If you use Internet services, see the following note before using it.**

Note:

Internet services are available only in the United States.

Use of internet services requires a working broadband internet connection (1 to 2 Mbps for SD video, 2.25 to 4.5 Mbps for HD video and 4.5 to 9 Mbps for HDX video).

VUDU and Netflix services are not provided by TOSHIBA, may change or be discontinued at any time and may be subject to restrictions imposed by your internet service provider.

The quality, functionality, or availability of such services may be affected by the capacity of your Internet connection. Use of video-on-demand application Vudu and Netflix may require the creation of a separate account through a computer with internet access.

Not all VUDU services may be available on or be compatible with this product.

Video-on-demand of Vudu and Netflix may require payment of one-time and/or recurring charges.

You are solely responsible for any charges incurred as a result of using internet-based content, including, without limitation, communications charges for the provision of internet or network services and any charges incurred for third-party internet content services, such as video on demand or subscription services. All third-party services are provided in accordance with whatever terms and conditions are established between such third-party providers and you.

TOSHIBA MAKES NO REPRESENTATIONS OR WARRANTIES ABOUT THE CONTENT,

Player. This

When you enjoy Internet services by wireless:

Wireless Interoperability:

- The IEEE 802.11a/b/g and IEEE 802.11n

UNDER NO CIRCUMSTANCES WILL TOSHIBA BE LIABLE IN CONTRACT, TORT OR UNDER ANY OTHER THEORY FOR ANY DAMAGES ARISING OUT OF OR IN CONNECTION WITH YOUR USE OF ANY CONTENT OR SERVICE PROVIDED BY ANY THIRD PARTY, EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

The Dual Band WLAN Adapter that is included is designed to be interoperable with any wireless LAN product that is based on Direct Sequence Spread Spectrum (DSSS) / Orthogonal Frequency Division Multiplexing (OFDM) radio technology, and is compliant to:

Standard, as defined and approved by the Institute of Electrical and Electronics Engineers and; may not be fully compatible with, or support some features (e.g., security) of certain Wi-Fi equipment defined by the Wi-Fi Alliance

CERTIFIED

" logo is a certification mark of

the Wi-Fi Alliance

The included Dual Band WLAN Adapter is intended for use with 40UL605U, 46UL605U and 55UL605U only and should not be used with other devices. Use with other devices may result in damage to the wireless USB dongle and/or the other device. Such use will void any warranty that may otherwise apply and Toshiba will have no liability for any damage that may result from such use.
