Sound Pressure warning

Excessive sound pressure from earphones or headphones can cause

hearing damage or loss. Adjustment of the volume control as well as

the equalizer to settings other than the center position may increase

the earphones or headphones output voltage and the sound

pressure level.

DC Fan warning

Please note that the DC fan is a moving part that may cause DANGER. Ensure to keep your body from the moving fan blades.

Adapter Information

Input voltage: 100-240Vac

Input frequency: 50-60Hz

Rating output current: 3.42A(65W)/ 4.74A(90W)

Rating output voltage: 19Vdc

Transportation Precautions

To prepare the Notebook PC for transport, you should turn it OFF and disconnect all external peripherals to prevent damage to

the connectors. The hard disk drive's head retracts when the power

is turned OFF to prevent scratching of the hard disk surface during

transport. Therefore, you should not transport the Notebook PC

while the power is still ON. Close the display panel and check that

it is latched securely in the closed position to protect the keyboard

and display panel.

CAUTION! The Notebook PC's surface is easily dulled if not properly cared for. Be careful not to rub or scrape the Notebook PC surfaces.
