ExpressCard error occurs

User's Manual

Procedure

Please try again using the correct posture. Refer to

Using the fingerprint sensor (FingerPrint sensor is provided with some models)

Chapter 4,

Operating

Try the recognition process again using another enrolled finger.

Try the recognition process again using another enrolled finger.

If fingerprints from all the enrolled fingers cannot be read, please logon by using the keyboard to input the password for the time being.

If problems persist, contact your dealer.

Please use TOSHIBA HW Setup to register the User Password if it was not registered.

Make sure you have enroll finger in windows account.

Set the User Password by using TOSHIBA HW Setup and restart the system.

Make sure place a checkmark in "Enable Pre-OS Fingerprint Authentication" on the TrueSuite Access Manager setting.

Optional

Devices.

Procedure

Reset the ExpressCard to make sure it is firmly connected.

Make sure the connection between the external device and the card is firm.

Check the card's documentation.

If problems persist, contact your dealer.
