Remote controller (Provided with some models)

A remote controller, which is provided with some models, enables you to perform some functions of your computer from a distant location.

You can use your remote controller with Media Center to play CDs, DVDs and videos, to view pictures.

The remote controller helps you to control the playback of a movie through Media Center.

Using the remote controller, you can:

Navigate and control all Media Center windows.

Control the video.

Place the computer in and out of Sleep mode.
