## NOTE

### **Setting up your software**

## NOTE

The first time you turn on your computer, the Setup Wizard guides you through steps to set up your software.

### **1**

From the Welcome screen click Next to enter the Setup Wizard.

**2**

Confirm acceptance of Microsoft's End User License Agreement and click Next.

**3**

Enter your desired user name and password, choose a picture to be associated with your user account, and then click Next.

**4**

Enter the computer name and choose your background and then click Next.

**5**

Click the **CAUTION** appropriate option from the Help Protect Windows Automatically screen.

**6**

Follow the remaining screen prompts to complete the setup process.

**7**

Click Start when the Thank You message appears.

The Windows

performance, and then may restart your computer.

Please handle your computer carefully to avoid scratching or damaging the surface.

When you turn on the computer for the first time, do not turn off the power again until the operating system has loaded completely.

The names of windows displayed, and the order in which windows appear, may vary according to your software setup choices.
