## Using the internal modem

This section describes how to setup the modem and use it to connect to other computer systems. Refer to the computer's online help files and the online help files for your modem software, for more information.

*The internal modem does not support the voice functions described in the help files. All data and fax functions are supported.*

---

In case of a lightning storm, unplug the modem cable from the telephone jack.

Do not connect the modem to a digital telephone line. A digital line will damage the modem.

## IMPORTANT SAFETY INSTRUCTIONS

When using your telephone equipment, basic safety precautions should always be followed to reduce the risk of fire, electric shock and injury to persons, including the following:

1. Do not use this product near water, for example, near a bathtub, wash bowl, kitchen sink or laundry tub, in a wet basement or near a swimming pool.
2. Avoid using a telephone (other than a cordless type) during an electrical storm. There may be a remote risk of electric shock from lightning.
3. Do not use the telephone to report a gas leak in the vicinity of the leak.
4. Use only the power cord indicated in this manual.

### User's Manual

Choose from the: Options tab to change the tool position; the Picture tab to select picture output options such as size, export file and saving location; the Video tab to choose output settings such as Frame Rate, Size, Compression and the file save path; the Audio tab to change the Audio Device, Compression, Volume and file save path. Displays the help files for the software.

### Operating Basics
