Bookmarks

4. Jam Symbols

When a paper misfeed occurs in the equipment, the jam symbol blinks in the positions where the paper is misfed. Follow the guidance on the touch panel to remove the misfed paper properly.

The misfed paper may not be in the correct position as shown in the illustration depending on the timing of the misfeeding. If the jam symbol keeps blinking, though the misfed paper has been removed, perform all the operations given in the guidance.

10,11,12,13

1. Reversing Automatic Document Feeder (optional) (
