6. Mode Settings

Setting mode 1

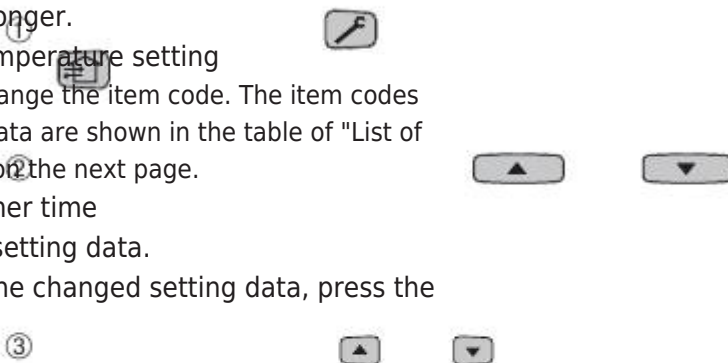

<Operating procedure>

Press and hold the (VENTILATION) button simultaneously for 4 seconds or longer.

Press the temperature setting buttons to change the item code. The item codes and setting data are shown in the table of "List of Item Codes" of the next page.

Press the timer time change the setting data.

To confirm the changed setting data, press the button.

(At this time, all displays stop blinking and remain lit.)

During this mode, "

The outdoor unit address display section displays "ALL," the item code and number (DN value in the

table), and the setting data (8 digits).

(The setting data is displayed in 8 digits. The display changes between the first 4 digits (Fig. and the last 4 digits (Fig.

When the first 4 digits are displayed, the top dot of the colon is illuminated.)

To exit the setting mode, press the button.
