WARNING - This appliance must be earthed.

FOR WASHER PLUG TOP 3 PIN (For BS Standard Plug With A 13 Amp Fuse)

IMPORTANT

The wires in this mains lead are coloured in accordance with the following code:

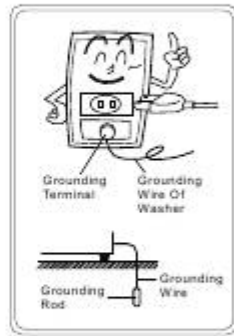

Green/yellow: Earth Light Blue: Neutral Brown: Live

As the colours of the wires in the mains lead of this appliance may not correspond with the coloured markings identifying the terminals in your power socket, please:

- The wire which is coloured green and yellow must be connected to the terminal in the plug which is marked with the letter E or by the earth symbol  or coloured green or green and yellow.
- The wire which is coloured light blue must be connected to the terminal which is marked with the letter N or coloured white.
- The wire which is coloured brown must be connected to the terminal which is marked with the letter L or coloured black.

FOLLOWING CAUTIONS ARE FOR WASHER USING DOUBLECORE CORD ONLY.

- If the 2-pin type of socket-outlet has a grounding terminal, securely attach the end of the Grounding Wire to the terminal.
- When grounding the washer, connect the grounding wire before plugging in the Power Cord.
- If the 2-pin type of the socket-outlet has no grounding terminal, consult your nearest dealer or securely attach the end of Grounding Wire to a suitable grounding point, such as a metal cold water pipe.
Never connect the Grounding Wire to a gas pipe.
- Unplug the Power Cord before disconnecting the Grounding Wire.
