9-3-2. How to Cancel the Auto Restart Function

To cancel auto restart function, proceed as follows :

Repeat the setting procedure : the unit receives the signal and beeps three times.

The unit will be required to be turned on with the remote control after the main power supply is turned off.

- When the system is on stand-by (not operating)

Operation

Press [OPERATION] button for more than three seconds. (Less than 10 seconds)

- When the system is operating

Operation

Press [OPERATION] button for more than three seconds. (Less than 10 seconds)

9-3-3. Power Failure During Timer Operation

When the unit is turned off because of power failure during timer operation, the timer operation is cancelled. In that case, set the timer operation again.

NOTE :

The Everyday Timer is reset while a command signal can be received from the remote control even if it stopped due to a power failure.

The unit is on standby.

<p>The unit starts to operate.</p>	
<p>After approx. three seconds, The unit beeps three times and continues to operate. If the unit is not required to operate at this time, press [OPERATION] button once more or use the remote control to turn it off. The unit is in operation.</p>  <p>The unit stops operating.</p>  <p>After approx. three seconds, The unit beeps three times. If the unit is required to operate at this time, press [OPERATION] button once more or use the remote control to turn it on.</p>
