## 2. Making Copies

### Initial (Default) settings

When the power is turned on, when the energy saving mode is cleared, and when the [FUNCTION CLEAR] button on the control panel is pressed, various setting items are automatically set. These items

are called the initial (default) settings. Set originals after placing paper or confirming that there is paper in the drawers. When the [START] button on the control panel is pressed with any of the settings unchanged, copies are made in the initial (default) settings. You can make copies as desired by setting various copy modes.

The table below lists the various items of the initial settings at the time of installation of this equipment.
